WOMEN FIGHT FIERCE BATTLE WITH BURGLAR

SERVIANS WARNED OFF

Ordered by Austria to Drop Plan for Sending Troops to Scutari.

Feeling at Belgrade Roused to High Pitch; Situation Is Delicate

BELGRADE, Serbia, Mar. 11.—The Austrian government took a step today regarded as equivalent to forbidding Serbia to send troops to assist the Montenegrins in capturing the Turkish fortress of Scutari.

The Austrian minister to Serbia, Baron von Ugron von Abranfalva, informed Premier Pasitch that his government objected to Serbian troops assisting in the siege of Scutari, which was to become the capital of Albania. He requested the immediate recall of any Serbian troops which had been dispatched there.

The Serbian premier in reply pointed out that under treaty arrangements Serbia was compelled to assist her allies without regard to the future of Scutari.

The situation is regarded as extremely delicate. Feeling here is at a high pitch over the attitude taken by Austria.

FIGHT IS SERIOUS.

The fortress of Scutari near the Montenegrin frontier has been besieged by the Montenegrins without material success since the beginning of the Balkan war. Its capture and inclusion in the Kingdom of Montenegro were the chief reasons for King Nicholas joining in the hostilities.

The Serbian troops, after having completed their campaign in Macedonia and Albania, advanced to the Adriatic Coast at Durazzo, whence on March 7 they despatched on board transports 5000 Serbian troops, including artillery to assist in the siege of Scutari.

It was that activity of Serbia which called forth the Austrian protest today.

SIEGE IS FAILURE.

LONDON, March 11.—Serbia's dispatch to the Times, dated March 8, gives details of a serious fight with heavy casualties, between the Bulgarians and Croats at Nish. According to the Sofia correspondent of the Times, the two governments have arranged to institute a strict inquiry into this engagement and punish the guilty parties and will elaborate a code of regulations to prevent a repetition of such incidents.

Infant Burns to Death at Vallejo

Explosion of Oil Stove Results Fatally for Baby Girl.

VALLEJO, March 11.—The baby daughter of Mr. and Mrs. Lloyd Michaels was burned to death today in a fire started by the explosion of an oil stove. At the time of the explosion Mrs. Michaels was in the back yard. Seeing flames, she became hysterical and could not make neighbors, who came to her assistance, understand that the child was in the house until it was too late to attempt a rescue. The baby was 14 months old.

Rain Begins Falling In South of State

San Diego Is Moistened and a Storm Forecast for Tonight.

SAN DIEGO, March 11.—Rain is falling in San Diego and vicinity today and is forecast for tonight, according to the local station of the weather bureau. Farms are badly in need of moisture.

IS FAIR DANCER BRIDE? SISTER SAYS IT IS TRUE

Miss Rosemary Zilz Weds T. Bolton, Is Statement

Miss Rosemary Zilz, whose beautiful classic dances have been so much admired since she came here from Europe over a year ago, has been a bride for several months, according to statements made today by a relative of the bride. She was wedded to Thomas L. Bolton of Oakland at St. Helena some time ago. When asked the exact date, the fair dancer smiles and shakes her head, but she is willing to admit that it was a few months ago.

Other details are guarded just as carefully by the pretty bride, who is now making her home here with her husband, the latter being connected with the telephone company. The young people slipped away in the quietest manner at the time and had the ceremony performed at St. Helena without notifying any of their

friends. Upon their return the secret was guarded just as carefully until its disclosure took place. The couple will reside in Oakland.

Mrs. Bolton came here from Europe about a year and a half ago, and came into prominence at once for her beautiful dancing. She made a number of appearances before women's clubs and other organizations in the bay cities. She is the sister of Mrs. Alice Randolph of Piedmont, who reveals the wedding secret today.

Despite Mrs. Randolph's statements, Bolton refused to admit that the marriage took place. "I do not know who has authority to announce this besides myself," he said, "and I do not wish any publicity." Bolton refused to discuss the circumstances, beyond stating that he wishes no marriage announcement made.

Shoots Girl When She Refuses to Wed Him

Ex-Convict Wounds Maid and City Marshal; Commits Suicide.

GRANGEVILLE, Idaho, March 11.—Because the young woman refused to marry him after he had obtained a license, Clarence Walker, who had just arrived here from California after serving a four-year term in San Quentin penitentiary, shot and probably fatally wounded Miss Helen Beck, 18 years old, here late yesterday, wounded William Brown, city marshal, and Mrs. Sophia Beck, mother of the girl, and then committed suicide by shooting himself through the head. A shot aimed at a bystander went wild.

When Walker appeared at the Beck home with a revolver, Mrs. Beck summoned the city marshal by telephone. As soon as he appeared, Walker began shooting.

Asks Alimony From Baking Powder King

Mrs. Davis Wants \$5000 Per Month; Alleges Millionaire Is Demented.

LOS ANGELES, March 11.—A fight to reopen the hearing on a petition of Mrs. Jennie W. Davis, seeking permanent alimony of \$5000 monthly from her wealthy husband, Robert B. Davis of New York, the so-called baking powder king, was in progress in the Superior Court today.

Delphin M. Delmas, counsel for the petitioner, told the court Davis was "bereft of reason and a paranoiac." The former hearing on the alimony petition resulted in a decision in favor of Davis.

GAME WARDEN AND PRISONERS FIGHT DUEL

San Rafael Youth May Die of Wound; Officer Injured

VICTIMS OF SHOOTING.

Herbert Le Corneo, 21 years of age, of San Rafael, shot through the lungs; not expected to live. Deputy Game Warden Frank Galloway of San Rafael, shot through the jaw; seriously wounded.

SAN RAFAEL, March 11.—One man probably was fatally wounded and two others were shot down as the result of a running pistol duel on the banks of Larkspur slough, a few miles from San Rafael, shortly after 7 o'clock last night.

According to eye-witnesses the shooting came with startling suddenness. Christopher Joseph McNamara, Herbert Le Corneo, and his brother, George Le Corneo, all of San Rafael, were fishing in the Larkspur slough when Deputy Game Warden Frank Galloway drove up in his rig. Rode says Galloway accused the quartet of unlawfully catching steelhead trout with nets and placed them under arrest. To insure their detention Galloway handcuffed the Le Corneo brothers together.

As Galloway turned to quiet his horse Rode says one of the Le Corneo brothers—he does not know which—fired point blank at Galloway. Rode says Galloway came to his feet firing as the handcuffed brothers darted down the road. The first shot, Rode says, struck Herbert Le Corneo in the back and he fell to the road with a groan. George Le Corneo, according to Rode, dragged his wounded brother to his feet and attempted to shoot again. A second time Galloway fired, and the bullet plowed through George Le Corneo's right shoulder.

Rode and McNamara half carried the wounded men to Galloway's rig and rushed them to San Rafael.

A heavy examination showed that one of Galloway's bullets entered Herbert Le Corneo's back and pierced the lungs. At the hospital physicians stated that he could not live. Just how seriously the deputy game warden is injured cannot yet be determined.

THE BING KONG TONG is known as the "fighting tong" and it is known that the gunmen employed by this secret society are the most daring and fearless of any of the Chinese. It was a Bing Kong tong man who shot down an enemy in broad daylight on Washington street shortly before the San Francisco fire while several judges and officials watched the scene from the windows of the court-house.

The Six Chinese Companies are aiding the police in attempting to suppress the tong hostilities. Attorney Stidger informed Chief Petersen today that he would do all in his power to prevent an outbreak of the feud in Oakland and an extension of the scene of trouble to Oakland, San Jose, Stockton and other cities.

It is understood that the Bing Kong men have marked a number of officials of the Suez Sing tong for death, and that unless these men can be found there will be no shooting. The Bing Kong tong is not intent upon an indiscriminate slaughter of the minor members of the opposing secret organization, but is intent upon picking off several of the higher officials.

In Oakland the Suez Sing men have gone into hiding and it is probable that it will require strategy on the part of the gunmen to find any of the officials in the open.

TONGS MAY BATTLE HERE

Twelve Desperate Bing Kong Gunfighters Arrive in Oakland

Chief of Police Threatens Drastic Measures to Prevent Hostilities

Transfer of the theater of action in the Chinese tong war was made to Oakland today when twelve gunmen of the Bing Kong tong came across the bay from San Francisco, heavily armed, to take revenge upon high members of the Suez Sing tong in this city. Mar Kwok, a Bing Kong gunman, was arrested in Chinatown at an early hour this morning by Patrolmen D. O'Connell and T. J. Connelly. A 32-caliber revolver was found on his person. A charge of carrying concealed weapons is to be placed against the alleged highbinder.

The Chinatown squad has been doubled by Chief of Police Walter J. Petersen and every precaution is being taken to avoid hostilities breaking out in Oakland. Chief Petersen threatens to take drastic measures if the streets of Oakland are made the scene of tong warfare.

Petersen last night called a council of the chief officials of the tongs in Oakland and explained that he would instantly put down any attempt to transfer the tong trouble to Oakland. Promises were given that quiet would be assured in Oakland. It was feared that other tongs might be drawn into the trouble, but this will probably not occur.

GUNMEN CAME TO OAKLAND.

Word was received this morning by Chief Petersen from Attorney O. P. Stidger, 628 Montgomery street, San Francisco, who represents the Chinese Six Companies, that the Six Companies had received secret information from Chinatown that a meeting had been held in Chinatown by the Bing Kong tong and that twelve gunmen had been detailed to come to Oakland to renew the warfare.

The word was to the effect that a secret council of the tong officials had been held and that the word had gone forth for the carrying forward of the work of revenge. The men were pledged to their task of evening scores with the rival tong and left by different routes to take the ferry for Oakland.

The gunmen separated immediately after meeting and it is alleged that they came to Oakland secretly, some coming by the harbor ferry, others by the Key Route and Southern Pacific. All carried revolvers and several were also armed with Chinese dirks.

BIG FIGHTING TONG.

The Bing Kong tong is known as the "fighting tong" and it is known that the gunmen employed by this secret society are the most daring and fearless of any of the Chinese. It was a Bing Kong tong man who shot down an enemy in broad daylight on Washington street shortly before the San Francisco fire while several judges and officials watched the scene from the windows of the court-house.

Criminal Libel Suit Is Again Postponed

Case of Tevis Against Older Is Continued to Next December.

BAKERSFIELD, Cal., March 11.—The case of W. S. Tevis, a San Francisco society man, against Fremont Older, publisher of the San Francisco Bulletin, for criminal libel came up in department two of the Superior Court this morning. On a motion of Thomas Scott Sr., the case was postponed until December 2, 1913. The case has been pending several years.

CONN HELPLESS U. S. TESTS OF WITHOUT FAIR ASSISTANT

Valuables Stolen by "Gentleman Thief" Await Claimants

SAN FRANCISCO, March 11.—"John Dale," whose real name is Owen D. Conn, the confessed "hundred thousand dollar" burglar, caught through the heroism of Mrs. T. P. Sherman, of 2033 Hayes street, on Saturday afternoon, was confined to crime and aided in his sensational career by a young woman.

Feature of the case was made known by Chief of Police White today. All of the burglaries committed in San Francisco, Oakland and Berkeley were perpetrated in company with a beautiful young girl, scarcely out of her teens, who was the master mind behind the operations of Conn.

The couple lived together in a house on Haight street, where they remained until February 28. On that day they parted company, the woman taking with her a large quantity of loose diamonds, which had been taken from rings, as well as some gold which had been melted into blocks.

She went direct to an eastern city. The police know where she is and have wired for her arrest. It is claimed that she has fully half of the loot gathered by the pair. One of the jobs pulled off was in Pasadena, where at one time \$25,000 worth of valuables were taken and \$1000 reward has been offered for the recovery of the articles.

GIRL GOOD SHOT.

During the criminal career of the pair in this neighborhood Conn says they had many hair-breadth escapes, but that his companion always carried an automatic revolver, with which

U. S. TESTS OF VACCINE BEGIN

Changes in Favor of Dr. Friedmann

WASHINGTON, March 11.—Government tests of Dr. Friedmann's tuberculosis vaccine were begun here today in the hygienic laboratory. Director John F. Alderson, chairman of the board appointed by Surgeon-General Blue of the public health service to investigate the new remedy, returned today, with cultures placed at the government's disposal by Dr. Friedmann and tests on animals and other culture media were at once begun.

Surgeon-General Blue said yesterday that the government would approach the test of the Friedmann vaccine with an open mind and that nothing would be made public regarding the experiments until a most thorough test had been made.

MORE OPTIMISM SHOWN.

NEW YORK, March 11.—"Doctor Friedmann just had a message," said C. V. Hunt, Dr. Friedmann's secretary, "from Dr. Landemann, chairman of the board of directors of the People's hospital, where he treated his first patients, to tell him that two of the patients are already much improved. Both of them are absolutely relieved of their night sweats and the pains in their chests."

Professional sentiment regarding Dr. Friedmann took a decided change following the specialist's treatment of the seven cases in Mount Sinai hospital. Most of the physicians who were willing to be quoted in their views

FLEE FOR HELP IN NIGHTIES

Pistol Fails Terrified Victims and Desperate Robber Loots Home

Fires House Before Scantily-Clad Trio Return With Aid

WILLOWS, Cal., Mar. 11.—Miss F. D. Albertson, Miss Delia Joen and Mrs. Arthur W. Cobb, residing alone on the Willows-Glenn road, three miles from Willows, had a desperate fight with an apparently crazed burglar at 2 o'clock this morning, during which the man threatened to dynamite the house. One of the women fired a shot at him and the three fled in their nightgowns a quarter of a mile for aid. During their absence the man robbed the place and fired the house.

The burglar, who is being searched for by Sheriff Bailey, aroused Miss Albertson by demanding admittance, stating that he was a business man.

THREATENS DESTRUCTION.

When entrance was denied he declared that he carried 20 sticks of dynamite and that he would blow up the house.

Again denied admission, he cursed and started to cut the window screen. Miss Albertson fired one shot at the man from an automatic revolver. The bullet went wild and the gun refused to work.

The intruder, seeing this, again renewed his efforts to break through the window. At this, Miss Albertson, her maid, Delia Joen, and Mrs. Cobb, who is Miss Albertson's guest from Indianapolis, fled screaming from the house in their night dresses one-fourth of a mile to the home of A. L. and W. S. Patton, brothers and bachelors.

HOUSE IS BURNING.

The Pattons armed themselves and ran toward the Albertson home, from which smoke was pouring. As they neared the place they saw a man running from it, but in the dark could secure no description.

The Pattons rushed into the house and, after putting out the fire, found that the burglar had ripped open two pillows and spreading the feathers over the mattress of a bed had set fire to them, after breaking two kerosene lamps over the pile.

Investigation showed that \$18 in coin had been taken. Over \$50 which had been hidden was untouched.

Penalty for Pandering Increased in Measure

Grant's Bill Provides for From Five to Fifty Years.

SACRAMENTO, March 11.—The problem of checking the white slave traffic in California was attacked in the Senate this forenoon and after a liberal debate a bill by Senator Grant of San Francisco increasing the penalty on pandering from a minimum of one year and a maximum of ten years in prison to a minimum of five and a maximum of fifty years was passed without a dissenting vote.

In the debate it was opposed by several speakers on the ground that the severe minimum penalty made it difficult to secure convictions, but others, including Senator Grant, held that the more strictly law would act as a deterrent. The measure now goes to the Assembly for action.

Educator Indicted On Murder Charge

ST. PAUL, Minn., March 11.—An indictment charging murder in the first degree was returned last night against Professor Oscar N. Olson of the University of Minnesota for the shooting of Clyde N. Darling, a janitor, on Thursday. No date was set for the trial.

Attorneys representing Professor Olson have declined to state positively whether the "unwritten law" will be the basis of the defense.

VISION OF MURDER UNEARTHS A HAT

Clairvoyant Beats Two Inspectors to College Campus to Open Grave.

Murder seen in a vision of the night led D. Disney, 2005 Eighth-fourth avenue, to call upon the police to assist him in seeking the remains of the murdered man in a shallow grave under an oak tree on the campus of Mills College. Not to miss any chances, Captain Lou Agnew detailed Inspector Dennis Holland, who is famed for his capacity as a duck hunter, and Timothy J. Flynn, who is also "some sleuth," to unearth the gruesome evidence of tragedy. Armed with picks and shovels and disinfectant, the detectives went to the campus with the dreamer. They found nothing but an old hat.

Arbor day will be observed by the Fair Daughters of the Golden West, Friday afternoon, at 2 o'clock, in Lakeshore Park, where the fair daughters will plant an oak tree and California poppies. Several hundred Native Daughters of the parlor of Alameda county will attend the ceremonies, which will be interesting. The representatives of the various lodges have been bidden to take part in the exercises.

READY TO SAIL ON ARCTIC VOYAGE

Dr. Stefansson's Expedition Under Canadian Auspices Will Leave Soon.

SAN FRANCISCO, March 11.—Thoroughly overhauled and freshly outfitted, the steam whaling bark Karluk is moored at her pier today ready to sail tomorrow for Esquimaux, R. C., on the voyage of Arctic exploration to be undertaken under the auspices of the Canadian government by Dr. Vilhjalmur Stefansson, discoverer of the blond Eskimo.

On board will be Captain C. Theodore Pedersen, a naturalized American citizen, in command as navigator, and Dr. R. M. Anderson, at the head of a party of ten scientists.

Dr. Stefansson, who is now aboard, will join the expedition, Captain Pedersen said today, at Esquimaux with a wireless outfit and a motion picture equipment.

Under the terms of the Canadian subvention, the crew and navigating officers of the Karluk must be Canadians. Captain Pedersen was still hoping today that he could come to an agreement by which he will not be required to forfeit his American allegiance.

"This expedition," he said, "means the hopes of twenty years to me. I was with Stefansson when he discovered the blond Eskimos, and I feel sure there are more of them to be found even more remote from known territory. I believe, too, that there are rich copper deposits in the country for which we are needed, but if the Canadian government is rigorous I shall turn back. I won't give up my American citizenship."

The expedition expects to be gone three years. It probably will touch at Banks Land, but more particularly is pointed for the unknown stretches of Prince Patrick Land and Prince Albert Land. There is hope that it may find relics of the lost McClure expedition of 1881-83 and the abandoned bark Investigator.

A COLD, LA GRIPPE, THEN PNEUMONIA is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnegat, N. HARDWARE MEN OF STATE MEET

Retailers Begin Three Days' Sessions at Hotel Oakland.

The executive committee of the California State Retail Hardware Association went into session this morning at the Hotel Oakland before the opening of the three-day convention of the organization this afternoon at 1:30.

President I. C. Walker of San Francisco addressed the members this afternoon, congratulating them on the numbers present and pointing out the work that was before them. He dwelt briefly on the history of the association and the events that had led up to the present twelfth annual convention.

The souvenir program contains a large engraving of the Hotel Oakland on its front page, which is marked "Headquarters." This evening a smoker is to be given at the hotel to the Alameda county members. All hardware men are invited to attend and meet the manufacturers, salesmen, jobbers and retailers that will be present.

In the room on the mezzanine floor of the hotel is an exhibit of steel saws of different varieties. The room has been made attractive for the hardware men by means of palms and flowers.

The executive committee are: I. C. Walker, San Francisco; George E. Allen, Livermore; L. E. C. Jordan, Sacramento; A. S. Cooley, Berkeley; B. W. Johnson, San Rafael; H. A. McCall, San Francisco; John P. Maxwell, Oakland; G. M. Hickman, San Francisco; J. C. Clark, Fresno; F. E. Goodell, Stockton; R. O. Elmhurst, Sacramento; A. Ketterlehn, Santa Rosa; F. T. Dabring, Sonoma; F. A. Ritugstein, Oakland; L. J. Klemmer, Willows; John Simpson, Tehama; C. E. Koehler, Merced; Frank Barker, Ukiah.

The officers are: I. C. Walker of San Francisco, president; George E. Allen of Livermore, vice-president; L. E. C. Jordan, of Sacramento, second vice-president, and L. R. Smith, secretary and treasurer. Other members present are T. F. Scallon of Stockton, and J. L. Emigh and F. H. Alsworth of Sacramento.

TOBACCONIST FINED \$25. Carl Elschenberg, a tobacconist, was fined \$25 by Judge Mortimer Smith this morning for selling cigarettes to minors. Elschenberg was arrested on a warrant several days ago.

History Was Made Last Sunday at the Oakland Orpheum

Years from now some of us will say with pride:

"I saw the very first exhibition of Edison's talking motion pictures that occurred in the West. They were shown at the Oakland Orpheum in March, 1913, and I was among those present."

That will be well worth saying.

What if you could say now that you saw the first exhibition of the telephone, or saw the first wireless telegram ever sent, or saw the first motion picture ever put on a screen?

It would be like taking part in history, wouldn't it?

Well, that's the way thousands and thousands of people seem to feel about Edison's Talking Motion Pictures that are being shown on the Kinetophone this week at the Oakland Orpheum.

Edison's pictures TALK.

They make history.

It is the first time in the history of the world that pictures have talked.

The "wizard" Edison has again achieved a miracle.

In his Talking Pictures at the Orpheum one sees and hears dogs bark; one sees and hears an orator speak; one sees and hears a minstrel show in operation; one sees and hears a violin, piano, horn, and whistle played, and the illusion is perfect.

The Orpheum management takes pride in being able to join in the making of history by presenting for the first time in the West, Edison's latest and greatest invention—the Talking Motion Pictures on the Kinetophone.

Scientists, musicians, students—all the public of Oakland and Berkeley and Alameda—all are invited to witness this crowning triumph of the great American inventor—the "wizard," Edison, at the Oakland Orpheum.

The Talking Pictures are shown in addition to the usual superb Orpheum vaudeville.

CONTINUE PROBING OF BIG PARADE

Committee Seeks to Place the Responsibility for Suffrage Disorders.

WASHINGTON, March 11.—Investigation of the responsibility of the police for the disorders which attended the women suffrage parade on Monday, March 3, was continued today by the Senate committee of inquiry, with witnesses representing the suffragists and the police ready to testify.

Edward S. Droop, president of the Washington Board of Trade, was the first witness. He declared that half an hour before the parade began he believed Pennsylvania avenue was clear.

CLERGYMAN TESTIFIES.

Dr. James Mythen, a clergyman of Baltimore, who had been in the Maryland division, said the marchers were forced to walk in single file and that they were greeted all along the line by jeers and shouts and obscene remarks from the bystanders. He gave the numbers of several police officers, who, he said, neglected the work of keeping the crowds back. One officer to whom he complained, he said, told him to "go to hell." Dr. Mythen said that the police generally had become a part of the crowd and did nothing to restrain those who insulted the paraders.

He testified that he had been told that Mary Melvin, a blind girl, who marched in the parade, had been pulled out of line by rowdies and that her guide had difficulty in rescuing her.

F. W. HOOVER RESIGNS FROM SOUTHERN PACIFIC

F. W. Hoover, industrial agent for the Southern Pacific Company for many years and one of the best known railroad men in the West, tendered his resignation to General Manager W. R. Scott yesterday and will leave shortly for Chattanooga, Tenn., where he will assume charge of an electric power corporation controlled by the Clark electric interests of Ohio.

ALLEGED THIEF A RUNAWAY.

On a San Jose warrant, Clinton Dunnington, a youth arrested yesterday by Inspector B. A. Wallman, was today found out. On San Jose police for stealing a motorcycle from E. Polak, 123 Willow street, San Jose, before being removed from the Oakland jail the boy admitted that he had run away from his home in Jacksonville, Or. Dunnington is 16 years of age and left his home last August.

WILL ADDRESS FORUM.

Austin Lewis, an attorney of this city, will address the forum of the morning evening in the Bile Institute, Seventeenth and San Pablo avenue, upon the subject "Sands alien and the Smaller Middle Classes." The session will be public.

CANADIAN CRACKSMAN WILL BE SENT NORTH

NEW YORK, March 11.—John McNamara, also known as "Australian Black," giving up his long fight against extradition, was surrendered yesterday to Canadian detectives, who will take him to New Westminster, B. C., for trial on a charge of stealing an automobile used by the band of cracksmen who, on September 14, 1911, gagged the night watchman and looted the vault of the New York branch of the Bank of Montreal of negotiable notes and gold amounting to \$376,000.

ACCUSED OF PASSING A WORTHLESS CHECK

SAN DIEGO, March 11.—Charged with passing a worthless check for \$55 in Santa Ana, Mrs. Katherine Higgin and T. E. Bruachnor, alias Fred Marshall, arrested here yesterday, will be taken to Santa Ana today. They arrived here in an automobile, which Mrs. Higgin said belonged to L. J. Stahler, Los Angeles. Marshall is wanted in this city also on a similar charge.

LECTURES ON CAREERS FOR BOYS AND GIRLS

With the idea of assisting the students who have not decided upon a trade or profession, lectures on the opportunities for employment are to be given at the Oakland Manual Training and Commercial High school at frequent intervals.

The first lecture was given during the Monday major period to the boys by Frank Coburn, secretary of the Civil Service Commission of Oakland. He spoke on the openings and chances for employment in the municipality of Oakland.

Principal P. M. Fisher has announced that not only will these talks be given to boys, but that those competent to speak on the careers open to women will also be secured to speak to the girls of the school.

FORFEITS HIS BAIL.

M. Wilson, arrested on three charges of selling lottery tickets, forfeited \$100 on each of the charges before Judge Mortimer Smith this morning. On the motion of Prosecuting Attorney Ezra Decoto the charges against William Kuhnle, arrested on a similar charge, were dismissed.

SECRETARY BRYAN MAY TEACH BIBLE CLASS

WASHINGTON, March 11.—Secretary of State Bryan has been invited to take charge of the young men's Bible class in the First Presbyterian church Sunday school and in consequence the membership of the class is going up by leaps and bounds. Mr. Bryan has not yet accepted, but the pastor of the church, the Rev. Dr. Donald C. McLeod, believes that he will eventually undertake the management, even though he does not teach personally every Sunday.

RELIEVES IN FIVE MINUTES

Help Comes Quickly When HYOMEL Is Used for Catarrh.

The quick relief that comes from the HYOMEL treatment for catarrh and all troubles of the breathing organs is remarkable. Put a few drops of liquid HYOMEL in the pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles. It gives a tonic healing effect to the air you breathe. Kills all catarrhal germs, stops the poisonous secretions and soothes the irritated mucous membrane and makes a marked improvement in the general health. HYOMEL is not a cure all; it has but one aim, the relief of catarrh and diseases of the breathing organs. When the catarrh is cured the general health is improved, for then nature has a chance to build up the entire system. If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use HYOMEL at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh. HYOMEL does not contain cocaine or any habit-forming drug. The complete outfit costs \$1.00, extra bottles if later needed 50 cents. Drugists everywhere.

ABOLITION OF COUNTY CORONER RECOMMENDED

Tax Association Would Have District Attorney Attaches Do Work

The abolition of the office of county coroner, and the merging of the duties of this official with those of the district attorney's office was the recommendation made in the report of the Alameda County Tax Association, a report on the expense incurred by Alameda county in maintaining the office. The recommendation does not imply criticism on the present administration of the coroner's office, but simply suggests that by merging the two offices, which come, by nature of their duties, into close contact, considerable expense could be done away with.

The plan, as suggested, is to have an attaché of the district attorney's office designated as coroner, to give without extra compensation. This official's duties would be to order autopsies, removal, conduct examinations and probe deaths, as the present coroner does.

The importance of the office of coroner, states the report, "has been superseded by the development in other departments, relieving the coroner of many of his former responsibilities."

The report calls particular attention to the cost of handling the coroner's office under the present system in this county. The cost is, in San Francisco county, 18 per cent of the cost in this county, which, in 1912, totaled \$15,945.93. This makes an average of \$83.33 per case compared to an average of \$15.31 per case in San Francisco. San Francisco pays an autopsy physician a salary of \$2400 per annum, and a stenographer at \$1800, in addition to a chief deputy and two assistants. In this county the stenographer receives \$3,353, the deputy \$1800 and autopsies performed by different physicians for fees amounted last year to the sum of \$3650, besides a total of \$1060 for fees for inspections.

EXTRA EXPENSES.

Chemical analysis, removals, recoveries, interpreter's fees, stationery, traveling and hotel expenses, telephone expenses and bond payments were added to these costs.

The association made several recommendations as to reductions of salaries and of expenses under the old system.

It was recommended that the coroner's salary be reduced to \$1200 per month, with a stenographer, it is suggested, by allowing additional traveling expenses, but nothing extra per folio as in the case of a court reporter. The employment of an autopsy physician at \$1800 yearly and expenses, as also suggested in this report, made to apply in case the coroner's office is continued in its present form. It is suggested that the coroner's salary of \$1800, and traveling expenses, as heretofore allowed, this, however, to be full compensation, no extra being permitted, and that a deputy be appointed at \$1200 and expenses, again as in the present case.

POPULATION TO DECIDE.

The report, which is to be submitted to the legislative and to the board of supervisors, is so framed that, should the legislature care to apply it, it might be applied uniformly to all counties. In some cases a deputy would not be necessary, this being decided by population.

The fact that the county does not support a morgue, but utilized, free of charge, different undertaking establishments for this purpose, is also mentioned in the report as a great saving. It is suggested in the report that the employment of an autopsy physician would effect a saving of 25 per cent over the present cost. It is provided, however, that when the regular autopsy physician cannot be secured, through press of work or other cause, a physician may be subpoenaed to do the work.

The project of having the coroner's work done through the district attorney's office is declared by the association to be a great economy, effecting a saving of 50 per cent over present expenses. The office of the coroner, in the district attorney's office, would carry with it assistants, and probably would be practically the same in operation as the present office. It is suggested that the coroner be a physician, and perform autopsies in addition to coroner's duties of the present regime.

Three generations of descendants of Napoleon lived mostly in San Francisco and one in Oakland, according to a discovery made here when it was found that John Gordon, son of Napoleon by the beautiful Princess Louise, lived in history, lived and died in this city.

His descendants, Napoleon's granddaughter, great granddaughter and her daughter, reside under one roof at 2824 Clay street. Another granddaughter, in Oakland, heard the story on her mother's deathbed.

The granddaughter is Mrs. Kate Bode, daughter of John Gordon, who was born on the Isle of St. Helena soon after the exile of the famed general and leader.

The granddaughter is Mrs. Zella Margarette Brouillard, daughter of Mrs. Bode. Four-year-old Zella Louise Brouillard, only child of Mrs. Brouillard, one of the last links in the lineal chain, is the great granddaughter of the general.

Four other children of John Gordon, son

of Napoleon, reside in the United States.

Three are residents of California. They are Mrs. Susan de Lancy, 555 Sycamore street, Oakland, William Gordon of 733 1/2 San Pedro street, Los Angeles, and Mrs. Catherine Gordon, Connelton, and Mrs. Annie Nickerson, living in Polson street, San Francisco.

The story of the remarkable family tree, from the romantic flight of Princess Louise with her noble husband, to the fact in her arms escape a fire that was raging in St. Helena, and the adoption of the baby by William Gordon, a wealthy jeweler of London, was told Mrs. de Lancy by her mother on her deathbed.

The story, guarded as a secret by John Gordon, was unfolded only to his wife. He told her of his imperial parentage and of how he had been carried through the streets of St. Helena by the British.

He related the story in every detail.

today any suspicious characters and to arrest any Chinese who are found armed. Police are meeting all ferry boats. Several of the Chinese tong men forced to go upon the streets, are said to be wearing coats of chain mail to protect them from attack.

"We will go all in our power to prevent an outbreak here," declared Chief Peterson. "I think that we will succeed, but once the fighting commences in a city, it is hard to stop these Bing Tong gunmen, as they are among the most desperate of the highlanders. I had a conference with a number of the officials last night and told them what would happen if trouble broke out here."

Several years ago when a tong feud broke out which resulted in several murders around the bay, including two deaths in Oakland's Chinatown, Chief Peterson took such drastic measures that the hostilities ceased immediately in Oakland.

DR. F. FRIEDMANN MAY TELL SECRET

Bellevue Hospital, New York, to Be Opened for Tuberculosis Tests.

(Continued From Page 1)

expressed the opinion that the visiting doctor had gone a long way toward "making good," and that his remedy should at least be given a thorough test.

MAY TELL SECRET.

When Dr. F. F. Friedmann returns from Montreal, for which city he left last night to demonstrate his tuberculosis vaccine, he may reveal his secret.

"On my return from Canada," the doctor is quoted by his secretary as saying, "I shall deliver accurate and scientific lectures on the preparation and application of the vaccine. These lectures will be delivered before medical bodies, although just when or where has not been definitely determined."

Dr. Friedmann also may find Bellevue hospital, which is the largest of the city hospitals, opened to him for further demonstrations here when he returns. It is learned that Dr. John F. Anderson, director of the hygienic laboratory of the public health service, has opened negotiations with the directors of the hospital for the admission of Dr. Friedmann. This institution would provide a larger variety of cases than any other, it was explained, and therefore a better test. While the decision of the Bellevue authorities is pending the Montefiore home has decided to open its doors to Dr. Friedmann, and it is said he has accepted the welcome and will treat patients there.

TO VISIT HOSPITAL.

Mount Sinai hospital, where Dr. Friedmann conducted tests on Saturday, however, will be first visited by Dr. Friedmann upon his return. The hospital has given notice that all "fresh" cases of tuberculosis of the joints or glands—meaning cases which have not been operated on—will be treated without fee under the auspices of the public health service. The executive committee of the New York County Medical Society, which has thus far refrained from recognizing Dr. Friedmann's claims, held a meeting last night at which his work was informally discussed. They were at the meeting it was announced that the attitude of the society remained unchanged.

TREATS THIRTY CASES.

MONTREAL, March 11.—Dr. F. F. Friedmann demonstrated his treatment for tuberculosis at the Royal Edward institute here today. A large crowd of sufferers from the malady waited outside the building all morning for him to make his appearance. Thirty cases were treated. While he was holding his clinic the throng of sufferers outside the building was swollen by hundreds. They were all turned away. The hospital authorities, touched by their plea, gave them medicine and arranged for those in advanced stages to return again for regular treatment.

AMERICANS FINANCE REVOLT?

United States Syndicate Is Charged With Aiding Jose M. Maytorena

Battle Near at Agua Prieta; Ojeda Is Surrounded by the Federals

MEXICO CITY, March 11.—Charges that an American syndicate is financially supporting the revolt of former Governor Jose M. Maytorena, in the state of Sonora, created a sensation here today. The charges were formally made in the chamber of deputies last night by Deputy Querido Moheno.

BATTLE IS NEAR.

DOUGLAS, Ariz., March 11.—Although ordered to evacuate Agua Prieta to prevent the possibility of international complications in the event of a battle, General Ojeda and his 500 federal troops found themselves hemmed between all directions south of the border by a horde of state troops. Ojeda feared that should he attempt to leave the town he might precipitate a battle that would endanger residents on the American side of the border.

DEMAND SURRENDER.

The constitutional leaders, Miguel Samaniego and M. M. Plazas, with their forces located within striking distance, have again demanded Ojeda's surrender.

The only federal garrisons in the northern part of the state are at Agua Prieta, Nogales, Naco and Cananea. With depleted ranks and no one point with more than 500 men, each is hard pressed today. Ojeda has dispatched a message to Mexico City explaining his other commander's predicament. Below Nogales Colonel Kosteritzky is sending out expeditions to burn bridges on the Sonora railway to check General Ojeda by the former moving north from Magdalena against the border towns. Ojeda has more than 1000 insurgents.

ASSIGNED TO TEXAS.

WASHINGTON, March 11.—Brigadier General James Parker, recently promoted from colonel, has been assigned to command the First Cavalry brigade, with headquarters at Fort Sam Houston, Tex.

Dispatches to the war department indicated that the situation at Piedras Negras, Mexico, where the forces under Governor Carranza appear to be in full control.

General Aubert, with federal cavalry, is reported near Monterrey. The houses ransacked. He thought the loot taken from Alameda county would reach at least \$15,000.

Conn's confession he said he had been led into crime by the former wife of a Chicago pastor, who took advantage of his infatuation for her to squeeze money from him.

"She started me in robbing flats," said Conn. "One or two jobs she helped me. Then she wanted me to help a man. I refused and she got a younger man to do it. Then she ran away with him and I came to the Pacific coast."

Another important development that occurred today was the removal of the bullet from the body of Peterson, the milkman, at the St. Francis hospital and the discovery that the pistol was fired not by the police, as had been supposed, but by the robber in his flight. The bullet is of the caliber used in the automatics and not of the sort fired by the officers.

MOVES ON NOGALES.

MAGDALENA, Sonora, Mex., March 11.—With the major portion of the forces returning to Hermosillo, Colonel Juan Cabral, with 600 Constitutionalists, today is moving on Nogales. He is expected to arrive there about noon. He is expected to be met by the federal forces, where Colonel Kosteritzky is fortified with his federal rurales police.

FEDERALS MEET DEFEAT.

LAREDO, Tex., March 11.—Of a force of about 30 federal cavalrymen who attacked a band of 200 Carranzistas on the outskirts of Lampazos, 70 miles south of the border late today, 13 were killed, 10 were wounded and four taken prisoners and executed, according to a telegram received here today by the United States Consul Garrett at Nuevo Laredo. It was the third federal defeat at Lampazos in as many days. Consul Garrett's informant did not have information as to the rebel losses.

PASS AMNESTY BILL.

MEXICO CITY, March 11.—The amnesty bill was passed last night by the chamber of deputies and was ordered to the senate after the adoption of an amendment excluding from its terms all rebels active after February 20.

Two deputies, Senors Moheno and Lozano, declared that the Sonora Constitutionalists were not ripe for amnesty, but traitors to the republic, influenced by private interests and willing to sell their country.

ADVANCE RAPIDLY.

NOGALES, Ariz., March 11.—A deserter from the state troops advancing against Nogales, Sonora, arrived here today to report that the constitutionalists are only twenty miles away and advancing rapidly, considering the condition of the railway.

she had previously practiced, and was a dead shot. When she left Conn he began to lose his nerve and told the police his work without her aid was crude in the extreme. He admitted to the commission of between fifteen and twenty crimes in Oakland and Berkeley, but that he was unfamiliar with the streets and could not tell the houses ransacked. He thought the loot taken from Alameda county would reach at least \$15,000.

Conn's confession he said he had been led into crime by the former wife of a Chicago pastor, who took advantage of his infatuation for her to squeeze money from him. CARD HIS UNDOING.

The identification of Conn was effected through the finding of a torn and almost illegibly printed card in his pocket after his thrilling capture. The telephone number of an automobile stand was barely legible and Captain Mooney detailed Detectives Froll, Rital and Blue to investigate. The telephone number proved to be that of Joseph Aubry, a taxicab man at the St. Francis Hotel. Aubry, upon being questioned, did not know Dale, but believed he had given the card to a man named Conn or Owen, who resided at the hotel. A further investigation disclosed the burglar's residence and the hidden loot.

Upon being confronted with the evidence, Conn, weakened from the

hoped after his arrest that he would not be linked with any other crime than the one of the Hayes street residence. It was for that reason that he feigned to suffer great pain from his wound in the right leg and remained until the 27th. He departed at this time, say the police, to pawn a large assortment of jewelry obtained in San Francisco.

Conn was very quiet around the hotel, according to attaches. He ate no meals at the hotel, did not patronize the bar and always dressed rather flimsily, generally wearing a wine-colored suit.

The man is said to have lived like a prince at the St. Francis, spending his money on women of the tender loins, principally on Miss Edith Roberts, who lives at the Empire Hotel.

TELEPHONE PETITION CONSIDERED BY JUDGE

SAN FRANCISCO, March 11.—After a lengthy hearing this morning, Judge Pruitt of Placer county took under submission the petition of the Pacific Telephone Company, filed against the Board of Election Commissioners for an injunction to restrain them from holding an initiative election to fix telephone rates. Attorney Theodore Bell urged that the people had the right to fix the rates in support of a demurrer filed by the city, and Attorney Horace Pillsbury spoke in behalf of the telephone company.

The most economical of all Baking Powder

Absolutely Pure

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder is more economical than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of genuine baking powders, but containing alum, are frequently distributed from door to door, or advertised and offered at a low price. Such are mixtures of unhealthful ingredients. In England, France, Germany and some sections of the United States the sale of alum baking powder is prohibited by law. Alum is a corrosive mineral acid, and physicians condemn baking powders containing it.

The label upon baking powders must show the ingredients.

SOCIALISTS DENIED USE OF CITY SCHOOLHOUSES

Division of Education Board So Near Even That Policy Changes

Three Socialist locals were last night refused the use of school buildings by the Board of Education, which recently ruled that the rooms could be used for political purposes. The question of the responsibility of Socialists was brought up, but not passed upon, the board voting "not on the matter, four to two, without comment. Director Annie Florence Brown was not present. The board is so evenly divided on the matter that one vote either way changes its entire policy, which means that an absence of a member is the cause of a new policy being adopted.

The principal business of the evening outside of the adoption of the High school plan was the acceptance of a report by Acting Superintendent E. Morris Cox, which took up several matters, including the naming of a representative to the Columbia Park Boys' Club trip, the purchase of kindergarten equipment and the return of vaccination certificates.

The contract of C. Christensen for the Tenth avenue and East Twenty-eighth street school, was ordered changed, through a clerical error it being impossible for him to collect money due.

COX MAKES REPORT.

The report of the acting superintendent, adopted in full, was as follows:

In reference to the communication from Rev. H. A. Jump regarding an Oakland representative in the Columbia Park boys' tour of the world, which was referred to me to report my recommendations as to the plan of procedure, I make the following recommendations:

First—That each school be permitted to select one candidate, who in the judgment of the principal and teachers of the school, most nearly satisfies the qualifications as outlined in a plan submitted to us by Dr. Jump and Mr. Peikotto, provided that schools having more than 200 pupils may submit more than one candidate, not to exceed three.

Second—That the Board of Education authorize the appointment of a committee consisting of five persons of the type particularly defined in Mr. Peikotto's plan, who shall select from this group of candidates a number not to exceed six, which, in their judgment, are qualified to be Oakland's representatives.

Third—That these six be referred to a committee to be chosen outside of the school department to make the final selection of Oakland's representative.

It is understood that in this whole matter the Board of Education assumes no financial responsibility nor responsibility for any other kind save the recommendation of the future board according to the standards set down for use by it.

WOULD BUY EQUIPMENT.

I was called to inspect the equipment of a private kindergarten at the corner of Fifteenth and Jackson streets, Oakland, which is being offered for sale. All of this equipment is in regulation kind for a kindergarten and almost new. It can be secured at about one-half the cost price. The Oakland school department in its extension of its kindergarten work would be able to make very excellent use of this equipment next year if the Board of Education should see fit to buy it at this time.

I have a communication from Miss Margaret Hanley, of the preferred list, stating that it is impossible for her at the present time to accept appointment to a position in the Oakland school department to which she has been temporarily assigned.

I recommend that Miss Hanley be granted a leave of absence until June 30, 1913.

Attached to this report is a drawing and recommendation from Mr. Cauch, supervisor of manual training, in reference to the rearranging of the temporary buildings at the East school for the new manual training room.

I recommend that his plan be adopted and that the work be ordered as soon as possible, as the room will be needed immediately after the spring vacation.

ASKS CERTIFICATES.

I have a communication from the Oakland City Board of Health in reference to the vaccination certificates of teachers and pupils which have been filed at the health office for some time. From this communication it would seem that it is likely to be impossible for the health department to return these vaccination certificates for some considerable time, probably a month or more. The demands

of parents for the return of these vaccination certificates are becoming very insistent. In addition to this, the number of transient children runs into the hundreds every month and every month's delay means there will be several hundred additional vaccination certificates that the schools will be unable to return to their rightful owners.

I desire to call the attention of the Board of Education to this matter in order that they may be duly informed as to the present condition and also request that if there is anything that the Board of Education can do to expedite the return of these certificates that it be done.

I have granted a temporary permit to Leo Palmatag of Hayward to attend the Oakland schools and recommend that the Board of Education approve this permit for the remainder of this school year.

RESCIND FORMER RULE.

O. B. Ackerman & Son submitted two bids for extras on their contracts, the total being about \$50. On the recommendation of Supervising Architect Dono, these were passed.

The chair front pressed steel to cast iron radiators in new schools, as passed by the board, was opposed by Dono.

"These are made of wrought iron," said Dono, "and will not give trouble. Real carbon steel might, but this is not real steel. They would cost less, and be more efficient."

His recommendation was adopted. This calls for no alteration for specifications on the Dewey, College Avenue, Thirteenth Avenue and Longfellow schools.

"Can we get a guarantee," asked Boyle.

"Yes," said Dono.

On this assurance the recommendation was adopted.

WILL BUY LAND.

The sum of \$4500 was asked for land desired by the board adjoining the Durant school. Joseph Petersen and Elizabeth Miller are the owners. The offer was accepted unanimously.

The houses on the land will be removed at once so that additions to the school may be built. The houses were ordered sold at auction.

The chairman, C. Hicks, head of the psychological clinic, asked for an assistant. This was referred to the elementary school committee.

TO AID DENTISTS.

The Alameda County Dental Society reported through President M. J. Congdon, that the free clinics for school children have been discontinued.

"We should do what we can to keep up this good work," said Dr. Kelly. "I move we ask the supervisors to render the society aid in this matter."

"There is no doubt that this work should be done," said E. Morris Cox, assistant superintendent.

The supervisors will be communicated with in the matter. Their refusal to aid the society was the principal reason for the discontinuance of the free clinics, who state they will no longer foot the expense, feeling that the public should do so.

The grading of the Manzanita school yard was reported as practically finished. The calls for payment, as per last, this was referred to the finance committee.

Bills for wages of stereopticon operators for the school lectures being held under the board's auspices were presented.

"In making up the schedule for lantern lectures," said R. S. Wheeler, secretary of the lecture bureau, "no cognizance was taken of equipment, and we had to carry lanterns and rheostats to these. Hence the bill."

"Furthermore, I believe some of the lectures were not well enough attended to justify the continuance of the affairs there."

"I wish therefore to cancel the lecture of Mr. Peikotto at the East school, and have him lecture at some other place. This applies to one other lecture."

On the motion of Director Forrest Wheeler was given authority to make any changes in the schedule he see fit. The claims, amounting to some \$25, were passed.

TEACHERS GET PAY.

The order that pay be allowed teachers for time spent at the school on account of vaccination ordered by the board, as approved last week, was confirmed. No salary will be deducted for these absences. Seven teachers are affected. The contracts for the Ferry street school were signed after approval by the city attorney's office.

PROTEST OPENING SCHOOLS.

The Irish American league, in a letter, protested the opening of schools for political purposes. This protest was filed. The East Oakland Protective League protested the charging of Janitor's fees for the use of the schools. The price of the subject of reduction of street car and railway fares. F. G. Gladding, representing the club, spoke on the matter.

"We are attempting to aid the whole city," he said, "and feel we should not be charged for the use of a meeting place."

Mrs. William Callaghan of the Lockwood Mothers' Club declared that her club met in the afternoon, when the janitor was there anyhow.

"On this account, do not see that we should pay," said she. "It is a night meeting, this would be different. We would pay if we kept the janitor overtime."

"I think this matter should be threshed out in committee," said Director Boyle.

"I am in favor of giving mothers' clubs the use of schools free in the afternoon," said Director Cook. "I insist on charging for night meetings."

"We might make this apply only to clubs which used the school before the rule was passed," said Boyle. His motion to reconsider the rule was not seconded.

Three Socialist parties asked the use of Oakland schools.

STARTS OLD FIGHT.

Director Bronner, at this point, asked that his motion for reconsideration of the rule passing these matters to the secretary be passed on. This was opposed by Boyle, who stated that this was not parliamentary.

"It can be brought up as new business, anyhow," said chairman Orr. "So why argue now? On a vote before the application we have our rules and the secretary has passed on them and finally referred them to us. The West Oakland branch of the Socialists, the Fruitvale, and the North Fruitvale branch have asked school rooms. What shall we do about it?"

"I want these laid over a week," said Cook. "To see if these people are responsible."

The requests were not approved. Director Brown was absent. Directors Boyle and Kelly voted for the opening of the school. Cook, Orr, Forrest and Bronner voted "No."

The proposition of purchasing kindergarten furniture was referred to Business Manager A. C. Barker and Assistant Superintendent Cox.

NEW TELEPHONE HEAD IS HERE

George E. McFarland Arrives From Omaha to Take New Office.

SAN FRANCISCO, March 11.—George E. McFarland of Omaha, who entered today on the duties of president of the Pacific Telephone and Telegraph company, succeeding Henry T. Scott, who becomes chairman of the board, arrived in San Francisco yesterday and is staying at the St. Francis Hotel. McFarland's arrival will be followed Thursday by John A. Novell of Philadelphia, who has been chosen vice-president and general manager of the company as successor of E. C. Bradley.

McFarland, to accept his new position here, resigned the position of vice-president and general manager of the Bell Phone Companies system, embracing Iowa, Nebraska, Minnesota and the two Dakotas. Novell was the general plant superintendent of the Bell companies in Pennsylvania. Both men are credited with being two of the best operating officials that have served under Theodore Vail, president of the American Telephone company.

With a view of introducing McFarland to the executive offices and operating officials of the Pacific Telephone and Telegraph company, Henry T. Scott was host at a dinner given at the St.

Exclusive Diet of Dirt Proves Fatal to Child

LOS ANGELES, March 11.—Anella Eeryuan, aged 4, who subsisted for months on an exclusive diet of dirt, is dead. The child refused victuals of all kinds, according to her parents, and consumed earth, apparently with a relish. Until recently no harmful effects had been observed. Physicians asked permission today to remove the child's stomach so that a postmortem study of the strange case may be made.

Francis Hotel last night. His guests were:

George E. McFarland, F. G. Drum, J. W. Glyson, R. C. Carroll, P. H. Coolidge, Timothy Hopkins, C. H. Gaunt, F. C. Phelps, H. D. Pillsbury, A. Hibbard, W. H. Crocker, D. P. Fullerton, J. P. Downs, J. H. Corcoran, J. M. Quay, C. W. Burkett, M. C. Rorty, F. W. Eaton, G. B. Bush, Homer S. King.

SHOCKED BY POLICY.

LONDON, March 11.—President Wilson's teetotal policy at the White House has aroused the resentment of the London Standard, which editorially warns the President against "gaining the fatal reputation of a crank."

NEW POSTMASTER.

WASHINGTON, March 11.—Will R. Horne was yesterday appointed acting postmaster at Glade, Cal. The post office at Tirner, Cal., has been ordered discontinued March 31.

Grape-Nuts

FOOD

is not only a pleasant breakfast cereal with a delightful flavour, but provides in natural, easily digestible form, those true health-building elements of wheat and barley which make sound bodies and bright brains.

This sturdy food is sold by grocers everywhere, in tightly sealed packages. Thousands make it a part of their daily breakfast.

"There's a Reason"

UGH! NOT CALOMEL, OIL OR SALTS, BUT DELICIOUS 'SYRUP OF FIGS'

Give Your Stomach, Liver and 30 Feet of Bowels a Thorough Cleansing Without Gripe or Nausea. Ends headache, Biliousness, Indigestion and Constipation.

This wonderful fruit laxative acts as a liver and bowel cleanser—tonic—not as an irritant. Its action is natural and gentle—no griping. It is delicious—no drugging. It is positive and prompt—no waiting. If your stomach is sour and filled with vile gases, your head aches, or you are bilious, nervous, dizzy, half sick, your tongue coated, your thirty feet of bowels clogged with waste matter, properly carried off—don't wait. Surely take a teaspoonful of delicious Syrup of Figs tonight, and in the morning all constipated waste, sour bile, gases and poisons will move on and out of the system, gently but thoroughly—no griping—no nausea—no weakness. In the old days people let these matters run until they

needed a large dose of physic, then they took something severe, like castor oil, salts or cathartics, that meant abuse to the bowels. These are the days of the gentle and natural—days of Syrup of Figs. This way you are not drugging yourself. Syrup of Figs being composed entirely of delicious figs, senna and aromatics can not cause injury.

Ask your druggist for "Syrup of Figs and Elixir of Senna," and look for the name, California Fig Syrup Company on the label. This is the genuine—old reliable. Any other so-called Fig Syrup is an imitation often meant to deceive you. Refuse such with contempt.

GOLDEN JUBILEE

PLANS IN MAKING

St. Mary's College Event to Be More Elaborate Than First Expected.

St. Mary's College golden jubilee, which takes place here next June, promises to be even a greater event than was at first anticipated by those who conceived the idea of celebrating the fifty-year birthday anniversary of the institution in the manner planned. The committee on arrangements has been working indefatigably along every line with the result that already the complete success of the great occasion is assured.

The most spectacular feature will be the great automobile parade through the streets of Oakland, which will take place probably on June 12, although the date has not been definitely set. Entries for this parade are coming in very fast. Hardly any business man or establishment of importance in the city but has signified an intention of placing at least one machine in the parade. The plan for making the parade a grand success. Many entries have already been made.

Mrs. Richard Hammond, who was largely responsible for the initiation of the celebration in the form outlined, stated today that they hoped to make the celebration financially successful, as well as making it attractive to those who witnessed it. The purpose of the jubilee is to raise \$50,000 which is required to liquidate an obligation with which the college is burdened. Many of the prominent graduates of the institution, now among the leading men of the state, will take part in the affair.

SIX BUCKET SHOP

OPERATORS FINED

Must Pay Various Sums; Total Fines of Crusade \$78,000.

WASHINGTON, March 11.—Joseph Gathis of New York and Virgil P. Randolph of Keene, Va., were fined \$300 each, William E. Price of Baltimore was fined \$1000, Edward Everett Taylor of Washington was fined \$500 and Edward Waldon and James A. Anderson were fined \$250 each in the District Supreme Court here today after pleading guilty to indictment charging conspiracy against the United States in the operation of bucket shops. This was the last chapter in the government's nation-wide bucket shop crusade, begun in 1910, which has resulted in total fines of \$78,100 being imposed on various defendants. Indictments against Harry M. Randolph, Charles T. Moorehead, Thomas H. Kemble and John P. Altberger for the same offense were dismissed.

PITTSBURG PASTOR IS MODERATOR CANDIDATE

PITTSBURG, March 11.—It became known here today that the Rev. Mattland Alexander, D. D., pastor of the First Presbyterian church of Pittsburgh, will be presented to the general assembly of the Presbyterian church, which meets in Atlanta, Ga., in May, as a candidate for moderator.

LATEST NEWS FROM OUTSIDE TOWNS

WIDOW OF TOWN'S
FOUNDER TO RULE
IN FLORAL PARADE

MRS. RACHEL HAYWARD.

HAYWARD, March 11.—Mrs. Rachel Hayward, widow of the late William Hayward, founder of the town which bears his name, will be one of those to ride in the great floral parade which will close the blossom festival on March 25. Though 80 years old, Mrs. Hayward still retains all her faculties and is active in the promotion of civic affairs and the interests of the community.

She claims the honor of being the woman to see the first fruit blossom in Hayward, her husband having planted here the first orchard soon after he settled in Hayward in 1855. This country was then nothing but pasture land and grain fields. The fruit industry about Hayward is now valued at ten millions of dollars.

EPWORTH LEAGUE TO
HAVE AN EGG SOCIAL

HAYWARD, March 11.—The Epworth League of Hayward will give a novel entertainment Friday, March 14, the funds from which will go towards the organ fund of the Methodist church.

CASTRO VALLEY TO HAVE
PART IN FLORAL FESTIVAL

HAYWARD, March 11.—A special meeting of the Castro Valley Improvement Club will be held tomorrow evening. Besides other business, the club will make arrangements to take part in the Hayward Blossom Festival. All the residents of Castro Valley, although not members of the club, have been invited to attend the meeting tomorrow and discuss what part the valley will play in the coming celebration.

FORESTERS OF SAN
LEANDRO TO INITIATE

SAN LEANDRO, March 11.—Court No. 74, Foresters of America of San Leandro, will hold an initiation ceremony tomorrow for one initiation ceremony tomorrow followed by a social and banquet, at which a large number of guests have been invited to be present. Those who will be initiated are Ernest Frates, Edward Earl Ebor, Pasquah Grazzini, John W. Ravakas, Frank F. Frates, Edward W. Ravakas and Everett Frasso.

RICHMOND NOTES

RICHMOND, March 11.—A concerted movement is about to be started by the Richmond Industrial Commission and the Board of Trade.

By order of the Secretary of the Navy Meyer just orders his retirement. Meyer Island has been declared a second-class navy yard, which relates that port to the rear as far as battleships are concerned. Parties close to the war department and procuring the data for it relative to the federal appropriation asked for the Richmond inner harbor, state that there is little doubt but that the building of a great naval drydock on San Francisco Bay is long advanced by naval officials, is now about to materialize if deep water can be found.

There are but two places around this bay where the required forty feet of water can be obtained at a harbor point, and that is at Point San Pablo, Richmond and across from it on the other side at old California City. The latter place would hardly be considered as it has not the other advantages to offer, which Richmond has, such as connection with the big railroads, cheap fuel oil and like accommodations.

It is understood that such a drydock and naval construction yard is wanted by the naval officials in time to construct the battleship Pennsylvania, and the men going from here to Washington in May will take the matter up with the navy department, the war department and the congressional committee at the same time they do the inner harbor project and the federal appropriation being asked for the Richmond inner harbor.

BALLOT FOR QUEEN
OF NILES CARNIVAL

Twenty-five Young Women of
Township Are Among
Candidates.

NILES, March 11.—The contest for Queen of the Niles Carnival is now in full swing, and will continue so until the closing evening on March 18. The list of fair competitors consists of twenty-five women of Washington township in the lower end of Alameda county. The first official announcement of how the various candidates stand will be made today.

The following are the judges for the queen contest:
Frank Clark, Herbert Dominick, J. McCray, G. E. Bonds, G. L. Donovan, M. Fournier, Mrs. Elizabeth Tyson, Mrs. A. I. Simpson, Mrs. C. Fournier, Mrs. E. Rose, Mrs. B. Moore and Mrs. J. Bernard.

MUSICIAN ARRESTED
ON WEDDING DAY

MARTINEZ, March 11.—Arrested on a charge of embezzlement and married on the same day, was the experience of Oscar N. Preston, a member of the orchestra of the steamer Yale. Preston was arrested in San Francisco by Constable C. H. Palmer of Martinez. Miss Mary Kalatin, Preston's intended, waited at the dock to be married when the Yale came in. Preston was conveyed here accompanied by his bride, and a marriage ceremony was performed as soon as he had settled his case.

She Darkened Her
Gray Hair

A Kansas City Lady Darkened Her
Gray Hair and Stimulated Its
Growth by a Simple
Home Process.

She Tells How She Did It.

Mrs. A. Biggam, a well-known resident of Kansas City, Mo., who darkened her gray hair by a simple home process, made the following statement: "Any lady or gentleman can darken their gray or faded hair, stimulate its growth and make it soft and glossy with this simple recipe, which they can mix at home. To hair pint of water add 1 oz. of bay rum, 1 small box of Barbo Compound and 1/4 oz. of glycerine. These ingredients can be purchased at any drug store at very little cost. Apply to the hair twice a week until the gray hair is darkened sufficiently, then every two weeks. This mixture relieves any scalp troubles and is excellent for dandruff and falling hair. It does not stain the scalp, is not sticky or greasy and does not rub off. It will make a gray haired person look 10 to 20 years younger."

AGRICULTURAL
COURSE STUDIED
AT SAN LEANDRO

ALICE OLYMPIA.

SAN LEANDRO, March 11.—The scholars attending San Leandro grammar school have taken up a course in agriculture under the direction of Professor Mayhew of the University of California.

Mrs. D. U. Toffelmier has given a piece of ground to the scholars interested. Here the children learn how to plant flowers, study the nature of the soil and watch the growth of vegetables and flowers. They will also learn how to graft and transplant flowers and trees.

The following are the officers of the two agricultural clubs elected by the scholars of the grammar school: Lower eighth club—President, James Lynch; vice-president, Chester Deutsch; treasurer, Charles Jones; secretary, Charles Nelson. High fourth class—President, Alice Olympia; vice-president, Mildred Craig; secretary, Manuel Rose; treasurer, Mildred Stokes.

FOUR-YEAR-OLD STARTS
TO SEE WORLD AWHEEL

ELMHURST, March 11.—Four-year-old Fred, the son of Mr. and Mrs. William Martin, of Elmhurst, is a hero in the eyes of the community, although his disappearance from home yesterday caused his parents great anxiety. Also missing were Fred's tricycle and his pet dog.

All day passed and no sign of the missing boy. Then as night fell and consternation over his disappearance reigned, the police telephoned that Fred had been in a cornfield west of Fruitvale, as he manfully pedaled his tricycle towards the center of Oakland. Accompanying him was the canine.

How Fred managed to escape being injured by the busy traffic on East Fourth street astounds his parents. The little fellow was naturally tired and bewildered when he was taken in hand by the police and conveyed back to Elmhurst by car. Otherwise he appeared none the worse as the result of his sudden impulse to see a bit of the world a wheel.

LOVE'S INFLUENCE OFTEN HAS STRONG EFFECT UPON LIFE

By LAURA JEAN LIBBEY

(Copyright, 1913, by Laura Jean Libbey)

As, well! The golden dream has fled,
The blue has faded from our sky,
The ashes of our love lie dead,
And we are strangers, you and I
No more amid the summer flowers
Can we recapture the broken links
Of that fond, faded love of ours

LAURA JEAN LIBBEY.

with a black ribbon of grief. Surely one intended for me who will love me. When a girl looks at it in that light she is sure to find that her surmise is quite correct. There is some one for her, some one who will appreciate her and that is everything to a woman. It can make or mar her life. She should not bar the door of her heart against another love from seeking her out. She should encourage love to stay instead of sailing away. A girl should not allow her nature to become embittered because one man fails to appreciate her. She should not carry her sorrow in her face. Only those who love us, pity us, know. Strangers do not care nor do they stop to consider that the heart may be all the ripper for having loved and lost. When love dreams sail away, what folly to try to attempt to hold them back. Nine times out of ten it is the second love affair to which we cling.

"Whom first we love we seldom wed."

MONEY AGAINST LOVE.
Dear Miss Libbey: I have been keeping company for about a year with a young man about five years my senior. My parents object very much to my marrying the young man because he doesn't make large salary. My father makes a large salary and I have always had what I want, and my parents say it will be hard to give up all that I have enjoyed for a poor man. They want me to marry for money and not for love, but I disagree with them on that. Another thing, the young man in question has not had much education, and that is against him, in my parents' opinion. However, the fellow is absolutely honest, gentlemanly, and well liked by every one, and has everything in his favor, I believe. He expects to have a raise soon, and is making good, although slowly, in his business connections. What do you think about it?

IS IT A GIRL'S DUTY?
Dear Miss Libbey: I would like to ask you do not think it is a duty a girl owes herself and her parents, before she spends much time in thinking of love or marriage, to so far as possible equip herself through schooling and study in some useful specialty, say domestic science, so as to insure her reasonable independence by enabling her to qualify as a teacher or learn some occupation to enable her to make a comfortable living at any time if she should ever want to or be obliged to do, regardless of the financial standing of herself or parents? Do you approve of a girl while her schooling is unfinished giving much time or thought to matters of love or marriage? I do not mean that she is to deny herself all the social entertainment or society of men in a general way, but that she has time for. Don't you think the average girl of 19 or 20 apt to mistake infatuation for love, that to become engaged at that age she would be cheating herself of some of the happiest years of her life, that her judgment in choosing a husband would be much less liable to mistakes if she would wait until she is 24 or 25? Do you think a young man should propose marriage before he is able to provide for a wife?

A FATHER.
The girl who fits herself along the lines you suggest not only better qualifies herself to meet possible adversity, but she qualifies herself for a better wife and mother. A girl no matter what her financial standing, never makes a mistake in so equipping herself. No, I think there is time enough for love affairs after the girl leaves school. I agree with you fully that a girl or man of 24 is better qualified to choose a life partner than at 18 or 19. I think a man has no right to propose marriage until he is in a position to support a wife.

"WILL" LACKS COURAGE.
Dear Miss Libbey: I am 21 and ambitious. I am in love with a girl one year my junior and have been keeping company with her for some time. My love for her is very deep, but I do not know whether she returns my love. I would like very much to ask her to be my wife, but haven't enough courage to pop the question.

Live up to your name and show that you have the will to overcome such difficulties. You know I really cannot win her with the courage you are lacking. Try to develop it. You know "Faint heart" never won a fair lady. If she is very attractive would better hurry up about it or someone will get ahead of you.

Dear Miss Libbey: What is your opinion of a man of 26 marrying a girl of 20? Everything else is agreeable in every respect but I am 36 and my girl is 20. I am about that age limit.

MORRIS.
where there is such a difference in age. It is usually better for a man of 26 to choose a woman more near

It is seldom that youth is philosophical. Many a young woman believes her life is blighted because her love dream has melted into the air. If there were no trials in life one would not know how to appreciate the calm.

If a lover proves unworthy a girl should think the good Lord to find it out or she is wedded to him. It is generally supposed that all matches are prearranged for us. We fondle the belief if all turns out well with us, but doubt it if it follows. I shall not quarrel with my one as to his or her belief. But I do believe that when we are endowed with common, ordinary good sense then much is left for us to decide for ourselves. If a serpent lies in our path are we obliged to set our foot upon it rather than to take the trouble to go a little ways around? Does it follow that we must push on straight ahead because it happens to be "our path"? No one should give up to disappointed love.

There is a fate which shapes our ends.

"Fought he them as we may."

No doubt a nobler and better love is intended for the girl than the man who plainly shows her that he can get along nicely without her and who does not care whether he leaves her a prey to sorrow or all the rest of her life or not. The only panacea for the girl whose love dream has sailed away is to take up some occupation or duties which will give her no time to brood or regret. A girl should be busy with herself. If he is unworthy I will crush his love out of my bosom. I will not love one who does not love me in return. I will not shroud my future in this great wide world where is some and bring happiness into my life."

DELEGATE TO CONGRESS COMES FROM MANILA

SAN FRANCISCO, March 11.—Manuel Earnshaw, Philippine Delegate to Congress, arrived yesterday from Manila on the Japanese liner Shinyo Maru on his way to Washington. He is accompanied by his wife, Earnshaw is a millionaire merchant and travels with magnificence, having a retinue of servants with him.

In an interview on board the steamer, the Delegate declared that there was only one important question in regard to the Philippines. "Was independence to be extended or was it not?" Personally he is in favor of independence. He declared he had made a deep study of the bill of Congressman W. A. Jones of Virginia, granting his countrymen independence, and thought it contained about all the necessary provisions.

ARRESTED ON SUSPICION OF PART IN ASSAULT

NAPA, March 11.—Napa officials yesterday arrested William Wells, a neighbor of Martin Pluth, on suspicion that he took part in a murderous assault made on Pluth at Larners place in Pope Valley Sunday morning. Wells was seen with Pluth on Saturday afternoon and is suspected of knowing something of the attack made with an ax. Pluth is still unconscious tonight. He is suffering from a fracture of the skull and both arms. It is believed he will not recover. Officer spent this afternoon at the scene of the crime.

Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

The old saying—what is home without a mother—should be "Mother's Friend." In thousands of American homes there is a bottle of this splendid and famous remedy that has aided many a woman through the trying ordeal, saved her from suffering and pain, kept her in health of mind and body in advance of baby's coming and had a most wonderful influence in developing a healthy, lovely disposition in the child.

There is no other remedy so truly a help to nature as Mother's Friend. It relieves the strain and discomfort caused by the strain on the elements, makes pleasant those hours and nights so anxious and painful and soothes the inflammation of breast glands.

BAD COLD? YOUR HEAD STUFFED?

One Dose Pape's Cold Compound Gives Relief—Cure In Few Hours.

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose. It is a positive fact that Pape's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Get a 25-cent package of "Pape's Cold Compound" from your druggist and take it with the knowledge that it will positively and promptly cure your cold and end all the Grippe misery, without any assistance or bad after-effects and that it contains no quinine—don't accept something else said to be just as good. Tastes nice—acts gently.

BEANS SPOILED; 'PLANE TOO SLOW

Aviator Flies From Boston to New York; Delayed on Way.

NEW YORK, March 11.—Henry M. Jones, an aviator, arrived here yesterday bearing letters consigned to "air mail route No. 604 602, Boston to New York," and although he started by aeroplane from Boston on January 16, properly commissioned by Postmaster-General Hitchcock and carrying twenty-five pounds of mail matter and a pot of Boston baked beans for Postmaster Morgan, delays caused him to tarry at Providence and other places, and he finally finished his journey by train. The beans soured on the way, but Jones brought in the bean pot.

FRIEND OF LINCOLN.
AUBURN, Ky., March 11.—Harriet Tubman, a negro woman, 95 years old, who is said to have been a friend of Abraham Lincoln and Secretary of State William H. Seward, and who was associated with John Brown in anti-slavery work, is near death here of pneumonia. It is said she herself piloted over 300 slaves into Canada.

The Best Cough Syrup is Easily Made at Home
Costs Little and Acts Quickly. Money Refunded If It Fails.

This recipe makes a pint of cough syrup, and saves you about \$2.00 as compared with ordinary cough remedies. It stops obstinate coughs—even whooping cough—in a hurry, and is splendid for sore lungs, asthma, croup, hoarseness and other throat troubles.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle, and add the Sugar Syrup. Take a teaspoonful every one, two or three hours. Tastes good.

This takes right hold of a cough and gives almost instant relief. It stimulates the appetite, and is slightly laxative—both excellent features.

Pinex, as perhaps you know, is the most valuable concentrated compound of Norway white pine extract, rich in guaiacol and the other natural healing Pine elements.

No other preparation will do the work of Pinex in this recipe, although strained honey can be used instead of the sugar syrup, if desired.

Thousands of housewives in the United States and Canada now use this Pinex and Sugar Syrup recipe. This plan has often been imitated, but the old successful formula has never been equaled. Its low cost and quick results have made it immensely popular.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., 24 Wayne, Ind.

Get Acquainted With Vista Del Mar Before Sunday

Go out today or tomorrow and spend a half hour sizing up the district in which this subdivision is located

Don't wait until the end of the week when several hundred prospective buyers have taken their pick of the lots. There are not a great many sites for sale, and it is only natural the best will go first.

Study the property from any standpoint

—LOCATION AND SURROUNDING

—TRANSPORTATION

—PRICE AND TERMS.

We know you will agree that direct 35-minute Key Route service to San Francisco without extra carfare or walk, with local trolley lines every few minutes and the S. P. Electric and Santa Fe within a block or two—provide for one of the most important considerations, that of frequent transportation

Vista Del Mar has both marine and hill view—it is really the approach to the North Berkeley district.

At \$25 per foot this property is easily within the reach of the average buyer. A 40-foot lot, 100 feet in depth, can be had for \$1000 on terms of \$100 cash and \$10 monthly. There are other lots, even cheaper.

We feel safe in expecting a heavy sale with price, terms, locations and advantages as appealing as they are.

But don't let the price lead you to expect a "cheap" property. Vista Del Mar is restricted and protected by the Syndicate in a manner to thoroughly safeguard investors against depreciation in value from undesirable buildings or alien neighbors.

We are glad to place automobiles at your service and a 'phone request will send one to your door.

Transfer from any car line to University Ave., Berkeley, and get off at Sacramento Street. The property is two blocks north. If you live across the bay, take the Sacramento Street or Northbrae Key Route direct to Virginia Street Station.

Heat When and Where You Want It

When you cook with gas there is no heat wasted. The fire burns only WHEN and WHERE you want it. That fact proves that gas is a very economical kitchen fuel. When you cook with gas you have an intense, even flame at the touch of a match. No trouble, worry or dirt. Think how convenient it is to have a hot fire ready in an instant's time in case of sudden sickness in the night. Hot water or a hot substance of any kind can be had in a jiffy.

TO HOLD BALL ON
ST. PATRICK'S DAY

Oakland's Ancient Order of Hibernians Plan a Big Social Event.

The committees having in charge the arrangements for the St. Patrick's Day ball at Maple hall Saturday evening, March 15, by the Ancient Order of Hibernians of Oakland, met at the office of the county president last evening, and completed their program, which will surpass any affair ever given by the order in Alameda county.

McNamara's Orchestra of seven pieces has been selected for the occasion. John J. O'Connor and Miss Frances Kieth will entertain with some funny exhibitions of Irish step dancing, while Miss McGregory and Miss Stanley will appear in costume and will delight the audience with the very latest of Irish and Scotch selections.

The annual ball of the Hibernians is an affair looked for with great interest by all lovers of Irish music and song.

Arrangements—John Cox, D. S. McCarthy, E. J. Murphy, B. McManus, D. M.

Reception—D. S. McCarthy, John P. Ring, John F. Mulrany, J. A. Kennedy, L. P. Piplaine, R. J. Heeneey, James Coakley, James Pegman, James Corley, Wm. LeBano and Wm. Tobin.

Floor committee—J. A. Marshall, M. C. Ring, T. J. Desmond, Frank J. Youel, James Fleming, C. J. Toomer and W. M. Donough.

Bertillon System Discovered in Navy

The Finger Print Records Catch 1700 "Repeaters" Since 1907.

officials of the navy department discovered to their surprise that the department had a Bertillon system of its own that included among other things the finger print records of 130,000 men who have enlisted in the service. As a result of these records it now is virtually impossible for a man to re-enlist who has deserted or who has been dishonorably discharged. Since the system was adopted in 1901

WHITE SOX TO BE TRIBUNE'S GUESTS

Baseball Stars Will Turn Vaudeville Fans for One Evening.

The Chicago White Sox, the Windy City's contenders for the American League honors, now getting their spring workout in Oakland, will be the guests of THE OAKLAND TRIBUNE and the Oakland Orpheum at a big theater party next Thursday evening.

The members of the White Sox team are real vaudeville fans and the prospect of a visit to the Orpheum was hailed with many expressions of genuine pleasure when THE TRIBUNE and Orpheum's invitation was carried to them. Since the team arrived in Oakland they have been having a round of affairs in their honor, but as the strenuous training bars them from many affairs because of training rules, they take to such things as auto rides and theater parties with alacrity.

ENTIRE PARTY PRESENT.
In addition to the White Sox team, Charles Comiskey, the club owner; Charles Comiskey Jr., Manager Calahan and the visiting newspaper men representing the Chicago papers will also be in the party with their ladies. More than half the boxes at the Orpheum have been set aside for the use of the guests of the evening. When THE TRIBUNE took up the matter with the Orpheum management arrangements were at once made to fix things so that the White Sox would feel at home. Hugh Emmet, the California ventriloquist, promised to have something in store for the boys. Jimmy Diamond, who gets off a line of "Nifty nonsense" with his fair partner, Miss Sibyl Brennen, is a real thirty-third degree fan, and what he knows about the White Sox he will tell on Thursday night.

SHE'S A FANNETTE.
Lida McMillan, who is responsible for the troubles of "The Late Mr. Allyn," is likewise a fannette of pronounced degree. She won't have much chance to welcome the White Sox except in her generous smile of greeting. Miss McMillan's sketch, by the way, was written by Roseman Bulger, who is famous as a baseball writer and has baseball's choicest word column to his credit. But the thing that interests the White Sox boys the most on the current Orpheum bill is the new Edison triumph, the Kinetophone, which is the real thing in talking motion pictures. Nearly every member of the team has a fondness for the "movies" and they are "fans" when it comes to a discussion of the relative merits of the various "picture actors."

The announcements of the Orpheum exclusive production of the new invention have interested the boys, especially as they expect to be "picture actors" themselves next fall when the world's seeking for "picture stars." They asked many questions of THE TRIBUNE representative yesterday regarding the success of the picture and read with interest THE TRIBUNE'S review of the first performance.

MAKE A TOUR OF SEGREGATED ZONE

Visit Follows Meeting for Discussion of the Vice Conditions.

In response to the invitation of a general discussion of vice conditions in Oakland put before an audience of about one hundred men and women by Rev. Franklin Rhoda of Fruitvale at a meeting of the California Federation for the Suppression of Vice, held last night in Castle Hall, a half dozen of these present arose and spoke.

Several denounced Chief of Police Petersen, declaring that he was unnecessarily lax in suppressing resorts in this city.

REV. RHODA SPEAKS.

The Rev. Rhoda said in part: "The authorities say Oakland is a clean city. Many people say it is not. I propose that the people, of whom the authorities are supposed to be the servants, shall make a walk and find out for themselves. We are building on the theory that Oakland has no business to have any place so indecent that decent people cannot visit it. We intend to walk right out into this problem, night after night, and ask all the good people with sons and daughters and friends to accompany us to walk out with us. If indecent people can go into these places to indulge their vices, we hold that decent people have a legal right to go and see what sort of a city they live in."

"In addition we shall be able to solve this vexed question, learn which side the authorities are on—that of the exploiters of vice or that of the families and homes. If the children have a legal right to go to these places, the parents of Oakland have that right. If the authorities are on the side of righteousness they will help us to see how clean a city we have. Violence has determined that light is the great germ destroyer. Light is also the destroyer of the germs of moral disease. So we propose to go through and open up to the light of day all the filthiness there is, whether in low places or high, and may the abettors of vice and crime get from under the house floor."

Following the meeting a number of those present led by Rev. Rhoda, took a walk through the segregated district of the city in order to get proof of the existing conditions.

A meeting similar to last night's will be held tonight and the remaining nights of the week at the same hall.

FERNS GETS VERDICT.

CLARENCE WILCOX, 2600 Franklin St., was given the decision over "Spike" Kelly of Chicago in a ten-round fight here last night. Ferns had the advantage in six of the rounds, while four were even. Either man was knocked down. Kelly's mouth was bleeding freely when the final going round was over.

SUFFRAGETTES GET TERMS IN PRISON

Five Sentenced for Attempting to Bombard King With Petitions.

LONDON, March 11.—The five suffragettes who yesterday attempted to reach the King with petitions while he was on his way to parliament, were sent to prison today for periods ranging from 21 days to a month. The young women gave their names as Lillian Wilcox, Dorothy Smith, Kath-

leen Paget, Gertrude Vaughan and Grace Stuart.

The Bow street magistrate before whom they were arraigned gave them an opportunity of escaping prison sentences by filing sureties for their future good behavior. The young women indignantly rejected this alternative.

They were formally charged with obstructing the peace. Two other suffragettes were sent to prison for a month for breaking windows at the home office this morning. The women stated that they had adopted this method of protesting against the illegal arrest of the would-be petitioner yesterday.

The belief that suffragettes were responsible for the burning of the railroad station at Croydon Green yesterday was confirmed today through the receipt by the station master of a suffragette newspaper bearing the words, "Afrald copy left was burned."

MONTECITO PASTOR DIES AT DINNER TABLE

SANTA BARBARA, March 11.—The Rev. Melville Moore, pastor of All-Saints

by the Sea, at Montecito, the smallest Episcopal church in the state, and one of the most fashionable, dropped dead at dinner last night. He was about seventy years old.

Oh, How I Itched!

What long nerve-racking days of constant torture—what sleepless nights of terrible agony—itch—itch—itch, constant itch, until it seemed that I must tear off my very skin—then—
Instant relief—my skin cooled, soothed and healed!
The very first Drops of D.D.D. Prescription for Eczema stopped that awful itch instantly, yes, the very moment D.D.D. touched the burning skin the torture ceased. A 50c bottle proves it.
D.D.D. has been known for years as the only absolutely reliable eczema remedy for it washes away the disease germs and leaves the skin as clear and healthy as that of a child.
All other drugists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.
But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee: If you do not find that it takes away the itch AT ONCE, it costs you not a cent.
D.D.D. Soap cleans the pores wonderfully. Ask us about it if you have any skin trouble. The Oak Drug Co., 1371 and Broadway, 10th and Washington, 14th and San Pablo Aves.

BUSINESS MEN'S LUNCH 50¢ EVERY DAY

OAKLAND ADVERTISING ASSOCIATION ELECTS FRED L. HALL HEADS THE BODY OF BOOSTERS

NEWLY ELECTED OFFICERS OF THE OAKLAND ADVERTISING ASSOCIATION WHO TOOK OFFICE AT THE WEEKLY LUNCHEON HELD AT THE HOTEL OAKLAND TODAY.

SECOND YEAR OF WORK IS STARTED

Prominent Oaklanders Meet at Hotel Oakland for Luncheon.

The Oakland Advertising Association entered into its second year of active work with the election today of new officers at the regular weekly luncheon held at the Hotel Oakland.

Although but a short time in existence the association plays a prominent part in the civic and commercial activities of Oakland.

Its membership is made up principally of advertising merchants, buyers and sellers of advertising, and the leading spirits in the city for the progress of Oakland's commercial and municipal affairs. Their efforts are being directed to the support of the National Advertising Association in its work of enforcing honesty in advertising.

The famous "vigilance committee" of the Associated Advertising Clubs has done much to abolish "advertising fake schemes" and in many of the Eastern cities short work is made of the fly-by-night merchants who come into a city, advertise "fake credit" sale, "fire sale," "railroad smashup," and swindle the public with a lot of inferior merchandise.

Another bad feature opposed by the association is the impression made on visitors by these stores placarded with unsightly signs.

W. F. D. BROWN, SECRETARY

L. A. HEARIN, 1ST VICE PRES.

Excellent programs are given every week during luncheon. Prominent men of the city give addresses on topics of interest to all and many noted visitors have made talks before the association. The idea that the organization is comprised of sellers of advertising is erroneous, as the luncheons are devoted to keeping the business man informed of up-to-date advertising methods and the regular attendance of some of Oakland's leading merchants proves the value of the ad club work.

Bay Pilot Is Brought Over From Marin County to Attend Wife's Inquest.

NAME HONORARY PRESIDENT.

At today's meeting Glenn Barnhart, chairman of the nominating committee, after making the motion, which was seconded, was granted by the association the privilege of selecting in addition to the regular roster of officers, an honorary president.

He then proposed the retiring president, W. W. Cribbins, for the position in recognition of Cribbins' past energetic term in placing the club in so flourishing a condition, which was unanimously carried. The following are the new set of officers of the Advertising Association:

Honorary past president, W. W. Cribbins of the Monitor Oil Company.

President, Fred L. Hall, advertising manager of THE OAKLAND TRIBUNE.

First vice-president, L. A. Hearin of the National Cash Register Company.

Second vice-president, M. J. Schoenfeld of M. J. Schoenfeld Jewelry Company.

Secretary, W. F. D. Brown, purchasing agent, THE OAKLAND TRIBUNE.

Treasurer, G. W. Fitch, manager Columbia Theater.

PROGRAMS INTERESTING.

The program of the day was very interesting, being the first of the National Advertising Association lectures illustrated with stereopticon slides. The subject, "Human Interest and Timeliness in Advertising" was well handled, and being a vital essence of advertising copy was explained by those present. J. B. Newson was chairman.

The Pacific Telephone Herald Company had installed at the table a number of their "receivers." This entertainment was well received by the members.

Mr. Ward, local manager, gave a short explanatory talk on the work of the Pacific Telephone Herald.

Canal Connecting Lake Superior and Mississippi Sought in Bill.

SAN FRANCISCO, March 11.—Chief of Police White has just filed with the Police Commission his estimate for money needed during the next fiscal year. The expenses last year were \$1,505,020. This year the chief wants \$2,032,728. Included are 280 new men, in order that the patrolmen may have a day off a week, that each beat may be filled and outlying territory better covered. He wants a new police station at the civic center, another in the Mission, two auto patrols, a confidential clerk, two stenographers, an automobile for detectives and the re-establishing of the Police Weekly Bulletin, which died with the fire.

MADISON, Wis., March 11.—The Wisconsin Legislature will be asked to pass a bill for a canal for connecting Lake Superior and the gulf of Mexico for steamboat traffic. More particularly it proposes to canalize the waterways from Lake Superior to the Mississippi river at Prescott, Wis., making it navigable for boats of heavy draft.

PLANS FOR \$500,000 HIGH SCHOOL COMPLETED

NEW BUILDINGS TO BE BEST OF KIND

More Than Fifty Drawings Are Included in the Big Outlay.

Architect Donovan Submits the Designs to Board of Education.

Plans for the new Manual Training and Commercial high school, to be erected by the city of Oakland at a cost of some \$500,000, were submitted in complete form to the Board of Education last night by Supervising Architect J. J. Donovan. The plans, in their form, consist of over 50 drawings, and include designs for all buildings, the big athletic stadium planned as the central court of the huge structure, shops and all the details necessary to make the school one of the most complete in the United States.

"This school will be, by far, the best of its kind in the State and one of the best in the country," said Donovan, in presenting his drawings to the board. "We have been studying the problem of this school since last May, and feel confident that the building will be a remarkable piece of school construction. We have consulted with every teacher in the present school and their suggestions as to practical matters of the school viewpoint have been invaluable.

"Now, I cannot too strongly urge that the board make all haste in carrying these plans and formally accepting them. I desire to advertise for bids as soon as possible, that competition may be keen. I believe that in a short time the contractors will be busy bidding on exhibition contracts and this will detract attention from our building.

WANTS KEEN COMPETITION. "This is to be a huge undertaking and therefore I want the contractors to approach it without visions of exorbitant profits in their minds. Keen competition is desirable, both from the standpoint of the money to be spent and because it will mean better work and more interest taken. The building is well worth keen competition, as it is to be by far the biggest school building ever erected in Oakland. The new school is to be situated at Fifty-fifth street and College avenue, on ground purchased under the bond issue for that purpose. Donovan, with his plans, filed a short description of the structure, taking up piece by piece, the work, this report to assist the board in their consideration of the plans.

There are over 50 drawings in all, presented in such a manner that the architect's estimate should be received from the contractors who estimate on this work. Two hundred and seventy-five working days are allowed for the completion of the building, so that it should be ready for occupancy before June 1, 1914. The building is of such an extent that it was necessary to divide it into three sections, section "A" being the center portion, section "B" the academic and commercial department and section "C" the science, domestic arts and science and the drawing department. Donovan has divided them up in that order, the following being a list of the rooms grouped under their respective departments:

MAIN ENTRANCE LARGE. Entrance lobby, library, principal's office, which includes the following rooms: Reception room, principal's office, toilet, vice-principal's office, stenographer's room, medical room and bath, closets. Assembly hall, with gallery which will seat approximately 1500 people. This assembly hall has a large stage and abundant dressing rooms. The cafeteria at the ground floor should be able to accommodate 1500 pupils at the same time. There are also a teachers' lunch room, kitchen and boiler room. On the third floor of this central pavilion is the band room, with its accessory practice rooms.

Section B, the academic and commercial section, contains in all 42 rooms. These include classrooms, locker rooms, teachers' rooms and dressing rooms for boys, girls and teachers.

SCIENCE ROOMS. The "C" section, as stated above, contains the science, domestic arts and science and the drawing department. The "C" section, as stated above, contains the science, domestic arts and science and the drawing department.

Many Hurt When Great Storm Sweeps Sydney

SYDNEY, N. S. W., March 11.—A sixty-mile gale swept this city today, causing several fatalities and doing great damage ashore and afloat. Sixty street cars were derailed by the wind, several yachts were wrecked at their moorings and chimneys toppled over throughout the city. A deluge of rain accompanied the gale. One man was electrocuted and ten horses killed by a fallen wire and three men were drowned in the harbor.

Suburban traffic was brought to a standstill until the storm abated. A number of buildings were wrecked and trees uprooted. Many accidents were reported in which people were injured and in one case death result.

Mother Restores Gems Stolen by Son

\$2000 Worth of Jewels, Found in Wayward's Clothing, Are Restored to Owner.

KANSAS CITY, Mo., March 11.—An honest mother yesterday restored more than \$2000 worth of jewels stolen by her wayward son from the home of Mrs. Edward W. Gordon. Mrs. Gordon was notified that if she would walk along the street near her home her jewels would be returned to her. She did so and was accosted by a well-dressed woman who handed her the jewels.

"Here are your diamonds, except two rings," she said. "I could not get those. My brother came home drunk one morning and mother went through his clothes and found the jewels. It almost broke her heart."

Mrs. Gordon handed the woman the reward of \$100 which she had offered for the recovery of the jewels.

OFFICIALS OF TRAINMEN BROTHERHOOD GUESTS

Executive officers of the Brotherhood of Trainmen, here to arrange for the San Francisco convention next month, were entertained this morning by officers of the Chamber of Commerce. After lunch, on at the Hotel Oakland they were taken on an auto ride about the city. Among the guests were A. E. King, E. A. Larkin, R. W. Swain and M. R. King. The railway men are working to hold the 1913 convention in Oakland.

The second portion of section "C" contains the domestic science and art department. On the first floor of this wing there are the girls' rest room, the domestic science teacher's office, advanced chemistry cooking room, elementary cooking room, dietetic cooking room, laundry room, hygiene room, lecture or exhibition room, smaller rooms for nursing and emergency supplies, teachers' room and apron closet.

There is also a complete house apartment, which contains a living room, dining room, kitchen, bedroom, bathroom, all of which are to be fitted up with furniture so that it will be an actual living apartment and the girls will take turns weekly in having charge of it. This apartment arrangement is practiced in many sections of the country, such as the Margaret Morrison Carnegie school at Pittsburgh.

The above description and the drawings now presented are entirely exclusive of the shops, which are under construction at the present time.

ROUTINE MATTERS BEFORE CABINET

President Does Not Discuss the Proposed Legislation With Members.

WASHINGTON, March 11.—Wilson held a two-hour meeting with his cabinet today at which legislation of the various departments were outlined and a few minor appointments were discussed.

Members of the cabinet were reticent as to what had taken place. One of the cabinet officials stated that the President had not taken up with them the question of what legislation he should recommend to Congress.

President Wilson had a busy two hours today before his meeting with the cabinet. Secretary Garrison of the war department was on hand as soon as the President stepped into his private office. The President had a series of short conferences. Among the callers were Senators Gore, Stone, Lodge and Smoot, Representative Kennedy of Connecticut, former Governor Campbell of Texas, Senator Johnston and Representative Richards of Alabama.

PORTO RICAN HOME RULE. National Committee H. W. Dooley of Porto Rico called to ask about the administration's policy for Porto Rico. "We are after a larger measure of home rule for Porto Rico," said he.

Senator M. A. Smith of Arizona talked briefly with the President, urging the appointment of H. W. Sawyer of Tucson as a federal judge. Both Senators from Tennessee and the entire Tennessee Congressional delegation have endorsed former Governor Benton McMillan for a diplomatic post. McMillan saw the President yesterday and has talked with Secretary Bryan.

KEEPS HANDS OFF. President Wilson declined personally today to interfere in the case of Thaddeus Sharretts, a member of the United States general board of general appraisers at New York, who recently dismissed by President Taft on charges of malfeasance. Senator Lodge, Smoot and Stone made a plea for the reinstatement of Sharretts. The President referred the three Senators to Secretary McAdoo.

Secretary Redfield announced today that Assistant Secretary Cabel and Luther Conant Jr., commissioner of corporations of the department of commerce, had handed him their resignations. Cabel asked that he be relieved by March 20.

SEEK SOUTHERN. SAN FRANCISCO, March 11.—A communication was received today from the Los Angeles police asking that W. F. Scholle, who has been missing since February 6, be looked for. He left his home to go to the postoffice and never returned. Subsequently he was seen here and his relatives, who are heartbroken, believe he is still in the vicinity. He is 51 years old, 5 feet 10 inches tall, weighs 180 pounds and is stoop shouldered.

CURTAIN CAUSES FIRE. When a breeze blew the kitchen window curtains over the flame of a gas stove last evening in the home of Mrs. J. H. Walters, 6410 East Fourteenth street, the blaze caught by the curtains spread to the woodwork and caused \$500 damage. Mrs. Walters was washing the evening dishes when the fire occurred. She tried in vain to extinguish the flames and flames consumed all.

OAKLAND - ANTIOCH OPENING WILL BE CELEBRATED

Chamber of Commerce Names Committees Over ex-Governor's Protest.

President Gibson to Seek the Restoration of Oakland Customs House.

"The Oakland-Antioch has a little jerk-water station in the outskirts of Oakland and attracts traffic to the other side of the bay. It is not making an effort to come down town, and can only get its cars down by a long switching proposition, through agreement with another railroad. It simply attracts business and traffic to San Francisco, and still we are having 'Boost', and going to great lengths to advertise it. I think the next time we start boosting for a new railroad we had better first find out what it is going to do for us."

Thus former Governor George C. Pardee this morning protested the plans of the Chamber of Commerce for the celebration of the Oakland-Antioch opening on April 5. The chamber had appointed a committee to take charge of an entertainment to be given Contra Costa business men on the first booster's excursion of the new road. Secretary Denison had stated that it was advisable to entertain these men, and impress them with this side of the bay.

AGAIN PARDEE OBJECTS. "Yes," said Pardee, "I press them before they proceed to the other side. The Oakland-Antioch cannot get them into Oakland proper except by an elaborate, circuitous route that will land them at the Key Route Inn. Its station is at 40th and Shafter, in the outskirts. It has made no effort to come down.

"The railroads refuse to ask for franchise under the charter law, including not even everything. Still we boost for them and shout of civic spirit, and the good they are doing us. They are doing us no good, and I am getting mighty sick of it."

COMMITTEES NAMED. Over his protest committees were named to plan the entertainment. The general committee which will meet next week to plan the details of the affair is as follows: Jules Abrahamsen, H. C. Capwell, I. H. Clay, W. E. Gibson, Theo. Oler, C. J. Heeseman, G. W. Hatch, A. H. Irving, H. K. Jackson, A. Jones, W. E. Keith, R. L. Oliver, Geo. C. Pardee, J. W. Phillips, G. B. Randolph, G. B. Waddell, W. A. Vann, Henry Winkler, F. A. Leach Jr., R. B. Burgess, Geo. E. Meredith.

PROTEST IS REFERRED. A protest from the Builders' Exchange against the specifications of iron for use in the new auditorium, which stated this could not be bid for by local contractors, was read and referred to the manufacturers' committee. A wholesale and jobbing statistic bureau was recommended by E. S. Day. This was also referred to the committee. The project of sending an Oakland boy on the world tour of the Columbia Park Club, fostered by Rev. H. A. Jump, was endorsed.

President Gibson was delegated to interview Representative J. R. Knowland, recently abolished, reinstated. The proposition of the Oakland-Antioch road to raise the fare from Rock Ridge to Portioth and Shafter avenue was referred to the transportation

Railroads Fail to Reach Agreement on Dissolution

NEW YORK, March 11.—No agreement on the dissolution plan of the Union Pacific Railroad Company and the Southern Pacific Company, was reached today at meetings of the directors of the two companies and the executive committee of the Union Pacific Railroad Company.

The executive committee and the directors of the Union Pacific will meet again this week. This was accepted as an indication that the agreement between the Union Pacific Railroad Company and the syndicate of bankers to finance its \$125,000,000 holdings of the Southern Pacific would be permitted to lapse. This agreement expires next Saturday.

CREMATION CAUSE OF CONTROVERSY

District of Columbia House Officer in Row With Clergymen.

WASHINGTON, March 11.—Dr. W. C. Woodward, health officer of the District of Columbia, has precipitated a sharp controversy on the question of cremation which is stirring church circles. Catholic and Protestant clergymen have taken up the matter and are denouncing as "pagan" such disposition of the dead.

"I believe it is the only sanitary way of disposing of the dead," said Dr. Woodward yesterday, "and surely it is the only poetic way. I hope to see cremation extended."

Mr. William P. Russell, pastor of St. Patrick's Catholic church, declared that cremation "was against the teachings of Christianity." He declared that it was contrary to the tenets of Catholicism and that such disposition of the bodies of the departed was a reversal to the days of Rome.

SENATE ADOPTS LONG CALENDAR. Committee Meetings and Public Hearings Are Scheduled.

SACRAMENTO, March 11.—A complete calendar of committee meetings and public hearings, covering the next two weeks, was adopted immediately after the Senate was called to order at 10:30 o'clock this morning. It will become effective at once.

The Senate passed a number of bills on the third reading this morning, including the bill introduced by Senator Shanahan of Redding, reducing the number of superior court judges in Shasta county from two to one. Senator Shanahan explained that the reduction would save the county \$2000 a year.

RETIRE CONTRACTOR OF FRUITVALE DIES

FRUITVALE, March 11.—William G. Thornalley, one of the pioneers of this district and widely known, died at his residence, 1665 Thirty-fifth avenue, Thursday last, after a long illness. He was 62 years old and it is thought that he was helped to bring on his death by a retired contractor and builder. He took a keen interest in public affairs and was a member of Fruitvale Masonic Lodge. He is survived by four sons and one daughter. The sons are W. T. Thornalley Jr., Samuel Thornalley of the Melrose police force, Harry and John Thornalley. The daughter is Rose Thornalley. No arrangements have yet been made for the funeral.

Would Protect Birds From Woman's Vanity

Audubon Society Asks America to Stop Importation of Plumes.

WASHINGTON, March 11.—Led by the local Audubon Society, bird lovers of the United States have launched a nationwide crusade for the amendment of the present tariff law to prevent the importation of the plumage of wild birds. Under the present law there is a duty of 50 per cent on dressed and 20 per cent on undressed plumage. The crusaders favor the shutting out entirely of all such plumage.

The women of America are said to use more plumes than the women of any other country in the world. It is contended that unless the United States take the lead in prohibiting the traffic in the plumage of wild birds, it will be only a short time until a dozen or more of a most beautiful species of birds will have become extinct.

Disinherited Cudahy Son Wins Settlement

By the Terms of Compromise \$1,500,000 Is Placed in Trust for Family.

CHICAGO, March 11.—"Jack" Cudahy, son of the late Michael Cudahy, who was disinherited by the packer, has won a settlement of his claims from other members of the family, it became known here last night. By the terms of the compromise \$1,500,000 has been turned over to a trust company to be held for him, his wife and two children. Attorneys representing the family and Joseph H. Cudahy, executor of the estate in Chicago, denied that the beneficiary was forced to make a fight for the share which was refused him by the terms of the will.

The amount given Cudahy represents one-seventh of the estate, exclusive of the widow's one-third. By agreement a part of the property is to be held in trust for the children and their father for life and a part goes to the latter outright.

Survivor of Light Brigade Charge Dies

Viscount Tredegar Passes Away at the Age of 82 Years.

LONDON, March 11.—Viscount Tredegar, one of the few who returned from the charge of the Light Brigade at the battle of Balaklava, died today, aged 82 years. There is no heir to the title of viscount. Courtesy Charles E. Morgan, a grandson of the first baron, succeeds to the title of Baron Tredegar.

WILSON EXONERATED, RESIGNS ASYLUM POST

The resignation of N. R. Wilson as superintendent of the Fred Finch Orphanage in Oakland was accepted by the house and table committee of the board of directors. Joseph B. Forrester presented the report which exonerated Wilson from the charges of misconduct that former employees had brought against him, but the resignation was accepted on the ground that Wilson desired to be freed of his superintendency. "We have no successor to Mr. Wilson in mind at present," said Mr. Forrester, "but will probably be in a position to fill the vacancy within two months."

\$50,000 FUND FOR COUNTY INQUIRY

Experts to Be Employed at the Instance of County Tax Association.

Findings Will Be Used as Basis of Framing a New Charter.

Tomorrow evening a meeting of the joint executive and charter committees of the Alameda County Tax Association will be held at the Chamber of Commerce for the purpose of threshing out a plan of campaign for the raising of a \$50,000 fund, on the basis of individual dollar subscriptions, the money to be devoted to the employment of the most experienced and competent experts in the science of government to make a thorough investigation of the conditions existing in Alameda county and the incorporated cities within it. The findings reported by these experts and the recommendations made by them are expected to serve as an intelligent basis for the framing of a county charter that will blend harmoniously with the systems of government adopted by the several towns and cities in the county without disturbing their autonomy. The report will also work for greater efficiency and economy, through the standardization of the public service and of the methods of property assessment for taxable purposes; by the abolition of duplicated offices performing the same functions in the same fields of activity and multiplying the cost of government to taxpayers and by the centralization of responsibility and authority over all departments in a competent general manager of the plan of all great business corporations in the county.

FIELD IS EXTENSIVE. The preliminary investigation made by the Tax Association during a period of over the year has covered an extensive field of research, and has reached a point where they must be taken up by scientific experts to assume a satisfactory solution of the complex problem in hand and the most economical and effective results for the benefit of taxpayers in general.

The joint committees of the association will tomorrow night discuss how the public interest and assistance can best be enlisted through the raising of a \$50,000 fund through one dollar subscriptions and formulate a plan which will be submitted for the approval of a mass meeting of the representatives of 34 improvement clubs in the county, about 80 organizations, 45 unions, 45 fraternal organizations and the same number of women's clubs. This mass meeting will be held on March 19 at the Chamber of Commerce. Nearly all of the representative civic organizations in the county have responded favorably to the invitation sent to them by the secretary of the association to attend, and a large proportion of the clubs and unions have pledged themselves to send delegates to the meeting.

BARITONE TO SING. REHEARSAL. The fourth number in the Y. M. C. A. Entertainment Course will be given on Friday evening of this week at the Berkeley Y. M. C. A. The program will be given by Lowell Redford, baritone; Helen Sutcliffe, soprano; and Eva Gruninger, contralto, assisted by the Male Chorus. An attractive program has been arranged by these well known and popular soloists.

WATER CO. SEEKS LARGER PROFIT

Manager of Berkeley Division Makes Argument Before Council.

BERKELEY, March 11.—The People's Water Company this morning demanded of the city council a larger profit for the year 1913 than was permitted for 1912. The council showed little disposition to raise the rate. The hearing was continued for thirty days, but no particular date was set for its reconsideration.

By its method of figuring the corporation declared that its earnings on an investment of something over \$3,000,000 in Berkeley amounted to 2.45 per cent. C. D. Maloney, manager for the company in Berkeley, declared that this was not a reasonable profit. He claimed that the corporation should be paid \$4 per month for four-inch hydrants, \$1 per month for two-inch hydrants and 30 cents per thousand gallons for street sprinkling. The city now pays \$1.50 a year each for all hydrants. This increase on the city's 225 hydrants would mean an increase in the municipal expenses of \$750 per year.

Maloney's statement gives the total receipts of the Berkeley division of the water company for the year 1912 as \$303,954.64. The expenses he placed at \$181,308.94, making the gross balance \$122,645.70. The structural depreciation he placed at \$54,322.58, leaving a net balance of \$68,323.12.

The information was brought out that during the last year the Oakland division of the People's Water Company has sold water to the Berkeley division. Berkeley's loss being credited as an asset of Oakland's. The Berkeley division last year bought \$200 worth of water from the Oakland division. That amount means so much taken off the net profit of the Berkeley division, according to Maloney.

MOTORCYCLE VICTIMS IN ALAMEDA HOSPITAL

ALAMEDA, March 11.—E. F. Kopf, a fractured skull and a broken arm and Ralph Stanley, a carpenter employed under Kopf on the Adams work, who were injured on East Fourteenth street Saturday night when their motorcycle collided with a street car, are now both at the Alameda sanatorium. Kopf has a fractured skull and a broken arm and Stanley has a broken collar bone. Both men are doing nicely today and are expected to recover. Kopf's injuries are admittedly serious.

SUGGESTS CITY HALL ANNEX FOR ALAMEDA

ALAMEDA, March 11.—An annex for the city hall, to be constructed of brick and stone in the space back the city hall proper and connected by a covered passage way, is now believed to be the only way to accommodate the various offices and departments of the municipality. The proposition is brought up by the application of the board of electricity to occupy the office of the board of health, which the board of health does not take kindly to. The matter will probably be discussed at the next meeting of the council.

TWO LODGERS DIE IN DENVER FIRE

DENVER, March 11.—Fire was discovered in the hay loft of the Arapahoe Hotel shortly before midnight last night. Before the firemen arrived, John Ryan, 42 years old, and Andrew Snell, colored, 25 years old, lodgers in a rooming house occupying the upper floors, were asphyxiated by smoke and three other lodgers overcame and revived at the county hospital. Thirty-seven horses were saved.

PLAN HOLY WEEK MEETINGS

BERKELEY, March 11.—St. Mark's Chapter of the Brotherhood of St. Andrew have planned the observance of Holy Week with a meeting every evening. Prayer service at 7:30 p. m. will be followed by special addresses on subjects as follows: Monday, "Cleansing the Temple"; Tuesday, "The Last Supper"; Wednesday, "The Agony in the Garden"; Thursday, "The Last Supper"; Friday, "The Resurrection of Christendom"; Saturday, "The Resurrection of Christendom".

ALLEGED LOTTERY AGENTS

ALAMEDA, March 11.—Fong and Dick Wong, aged 17 and 16 years respectively, and arrested on a charge of being dealers in lottery tickets, were up before Police Judge R. B. Tappan this morning and their cases were remanded to the care of the juvenile court.

SAYS HALF HAS NOT BEEN TOLD OF SUFFRAGE INSULTS

MRS. EDGAR L. ORMSBY, WHO WILL SPEAK ON ILL-TREATMENT OF SUFFRAGE PARADERS IN WASHINGTON.—Photo by Scharz.

Back from the presidential inauguration, and suffragette parade which she attended with her husband, as the representative of Oakland Center of the California Civic League, Mrs. Edgar L. Ormsby of 38 Monte Vista avenue, has been invited to tell of her impressions before the women of the center at the Chamber of Commerce on Friday afternoon at 3 o'clock. Ormsby attended the inauguration as the delegate of the Jefferson Club of Alameda County.

"No other city but Washington," says Mrs. Ormsby, "have earned and good women been subjected to such indignities. There the men have no vote and they can have no sympathy with women who believe that the franchise should be theirs."

"I could not help but think what an Oakland or San Francisco policeman might have done to that crowd. But then the Washington police might have done more if they had tried. Mr. Ormsby asked a policeman, who was saying, 'Won't you please stand back' as he laughed at the antics of a bunch of hoodlums, why he didn't make an effort to hold the crowd back. The response was, 'I have no orders to clear the street.'"

"It seems certain that the actions of the rougher element of the crowd met with the approval of those in charge. For despite the fact that the chief of police said that his force was insufficient, he listened to assure the congressional investigators that night that the streets would be clear for the inaugural parade the next day."

"As for the results of the demonstration I feel certain that equal suffrage has advanced a tremendous stride in the minds of all thinking people. The English suffragette is universally criticized for her militancy. But in Washington everything was along proper lines. The women were the wives, daughters and sisters of congressmen and of the best families in the country. The men enrolled in Washington far more than do the women in England, hence it seems that the result will be the opposite and instead of criticism there will be sympathy for the cause. It has won for us many staunch friends."

Mrs. Ormsby did not take part in the parade, as she wished to be able to describe it accurately afterward. She wrote

ROWDYISM APPROVED

"It seems certain that the actions of the rougher element of the crowd met with the approval of those in charge. For despite the fact that the chief of police said that his force was insufficient, he listened to assure the congressional investigators that night that the streets would be clear for the inaugural parade the next day."

WANT ACCURATE COST OF BUILDING GIVEN

ALAMEDA, March 11.—Building Inspector John Davies and City Auditor and Assessor Fred J. Croll are considering taking up with the city council a matter that Davies says is of great importance to the city, the necessity of legislation to compel builders and house owners to state the true cost of the buildings they construct. Davies declares that by reason of falsely representing the cost of dwellings the records of the city in the matter of showing the amount of construction going on are vitiated, to the damage of the municipality, in the eyes of outsiders.

The matter is also disagreeable to the assessor, from the fact that in the assessing of property the records are useless to him, and a great deal of unnecessary work is occasioned. Davies says there is a great tendency to underestimate the cost of the new buildings, the idea being to have the building inspection fee, which is regulated by the cost of construction, and secondly to influence the assessor in making up his list.

EAST END TO HAVE ELECTROLIERS SOON

ALAMEDA, March 11.—The Waterside Terrace tract, embracing a large area of east side land, is to have a special type of boulevard electric lighting. Improvement will cost several thousand dollars. The lights will be mounted on a special concrete base, different from the municipal type of base. The base will be provided by the tract owners.

The electricity department will be busy in a short time stretching rows of electroliers through the Cohen fields in the east end. The surveying has already been done and the maps are on record. No interference with the construction of the house is apprehended by the electricity commission.

ALAMEDA PERSONALS

ALAMEDA, March 11.—Mr. and Mrs. James Herbert Mills (Henriette Waller) are in the north where they went on their honeymoon. They will visit in Alameda a few days before going south to Los Angeles where they are to make their home. Mills is connected with a big sugar plant in southern California.

Mr. and Mrs. F. H. Reed and Mr. and Mrs. G. W. Emmons of this city were among the guests at the banquet tendered Dr. Henry Van Dyke by the Fiv O'Clock Club last week at the St. Francis.

Mr. and Mrs. John G. Armstrong, who spent their honeymoon in Honolulu, have returned to Alameda and have taken possession of their home at 1223 College avenue. Armstrong was formerly a teller of the Alameda Savings Bank. The couple were married February 10, at the home of the bride's sister, Mrs. F. E. Palmer in Chicago. Her husband was formerly with the U. S. Army and had been in the Philippines when the San Francisco headquarters were moved east.

Mr. and Mrs. G. W. Emmons, Miss Gladys Emmons and Miss Edna Palmer spent the week end at the Emmons country home near the base of Mt. Diablo.

MARKET SPECIALS AT HALE'S STORE

Bargain Event to Be Held Tomorrow at Oakland's Big Mart.

Hale Bros' department store at Washington and Eleventh streets announced in their advertisement in THE TRIBUNE tonight the third sale in their series of "Market Day Specials," the bargain events that have caught the town for real values.

On the two previous occasions Hale Bros' store has been crowded within half an hour after the opening of the doors at 9 o'clock with patrons seeking the day's specials. As the goods are on sale for one day only at the advertised prices the demand is unusually heavy.

Hale's has devised this sale to meet the extra trade demand on Free Market Day in Oakland. Thousands of visitors are then in Oakland taking advantage of the wares of the big free markets on lower Washington street. To provide these visitors and also the resident public with a special opportunity when new spring goods and odd and remnant lines may be bought at astonishingly low prices is the aim of the sale.

To maintain the high standard of the two previous sales Hale's has provided striking bargains in every department tomorrow and will make Wednesday's sale the greatest similar sale thus far held.

CHURCH CHOIR IS TO GIVE MUSICAL COMEDY

BERKELEY, March 11.—"The New Minister," a musical comedy, is to be presented by the choir of the West Berkeley Methodist church Friday evening in the church hall at Alameda way and Byron street. The production is under the direction of Mrs. A. H. Miller, and fifteen numbers are included in the program. The cast is as follows:

Rev. Homer Alexander Brown, the new minister, Frank C. Loomer, Prof. Toppo, leader of the choir, J. R. Barringer, Crescendo, B. Flat, Eusebius F. Sharp, Doctor Hoosick, members of the choir, Paul Huber, Ralph Bunter, a baritone in the choir, Percy Wilkes, Seth Perkins, a joke, Irving Dunder, Duke Loveloy, the new school teacher, Miss Wilma Kenworthy, Odilla Hasbun, organizer of the Old Maid's Club, Mrs. Estelle Miller, Primrose, the minister's mother, Miss Marjorie Miller, Uncle Alec, the old sexton, J. Price, Henrietta Sharp, Hezekiah's daughter, Mrs. Nela Hunt, Augusta Wind, everybody's friend, Mrs. Annie Turner, Mrs. Delancy, president of the Ladies Aid, Mrs. Kenworthy, assisted by the choir, Mrs. Mary E. Clark, Miss Fern Haynes, Mrs. L. R. Barringer, Miss Edna Brown, Miss Allene Wilkes, Miss Vera Bennett, Miss Gough, Miss May Stone.

PLANS TO LECTURE ON CHILD RESCUE WORK

BERKELEY, March 11.—The T. M. C. A. of Berkeley has arranged to give its members and the public an evening lecture on March 12, at 8 o'clock, on "Child Rescue Work." The lecture will be both instructive and entertaining. Mr. J. White, for many years secretary of the California Society for the Prevention of Cruelty to Children will tell of the child rescue work being done in this state. His address will be illustrated.

For eighteen years White was a newspaper reporter and writer on the San Francisco daily papers, and during that time it was his hobby to keep in touch with the various branches of charity, and particularly that department that had to do with the rescue of little children.

WANT WATER SUPPLY

BERKELEY, March 11.—Residents in different parts of the city applied to the council this morning for improvement of water conditions. Claremont district, southwest Berkeley and Rocking race, No. 4, were the sections represented. Speaking for petitioners in the last, E. T. Dooley declared that the tract and not less water since its opening eight years ago. C. D. Maloney, local manager for the water company, declared that this was largely the work of original exploiters of the property who had failed in their promise to install mains. He promised further investigation of the complaint.

TO RESIGN AS SECRETARY OF ELKS' LODGE

ARTHUR W. MORGENSTERN.

ALAMEDA, March 11.—Arthur W. Morgenstern, secretary of the Alameda Elks Lodge, will probably resign his position with the lodge in the immediate future and go to Sacramento to enter the employ as office manager of a big land development company. Morgenstern is now at Sacramento looking into the offer from the company which is under the management of Fred T. Moore, former superintendent of schools in the city and past exalted ruler of the Alameda Elks. Edwin Davis, also a former Alameda Elks, is with the company, having recently given up his position with the board of education to go into the land business.

In the event of Morgenstern going to Sacramento there will probably be a contest for his place as secretary of the Elks. The position pays a comfortable salary.

FLOWERS YIELD PROFIT BETWEEN ORCHARD ROWS

HAYWARD, March 11.—The beauties of Oakland and around Hayward are enhanced this season by a large number of the orchardists tacking up flower culture. Rows of daffodils and lilacs have been successfully planted between the rows of fruit trees and have realized handsome profits for the growers. Indeed, it is said that an acre of these flowers planted in the orchards bring anything from \$400 to \$500.

BICYCLE THIEF SENTENCED

ALAMEDA, March 11.—Hanson, who pleaded guilty to petit larceny after stealing a bicycle from a Japanese and attempting to ride the wheel to Sacramento, was sentenced this morning to three months in the county jail by Police Judge R. B. Tappan. Hanson was arrested at Benicia and had the stolen wheel in his possession. He is 19 years of age.

MEN WILL SWAT COST OF LIVING

Co-operative Buying Projected by Fraternity Students at University.

UNIVERSITY OF CALIFORNIA, March 11.—Men students of the university, as well as women, who are members of fraternities and house clubs, are planning to put in operation a scheme of co-operative buying a partial inoculation against the deadly high-cost-of-living germ. The men's movement is headed by Professor J. M. Washburn, dean of the lower division.

C. C. Thomas, R. D. Knapp and L. A. Murray have been appointed a committee to investigate several schemes that have been proposed. They will report at a meeting of the organizations soon to be held on feasible plans, and may be directed to proceed with the co-operative buying. Says Professor Washburn:

"The men's clubs and fraternities spend about \$40,000 a year for foodstuffs. By buying in large quantities they can get the benefit of wholesale or nearly wholesale prices. Thus, at small expense, they can provide a wide variety and equally as good a grade of food as under the old system whereby each house bought alone."

DESTITUTE WOMAN IS TAKEN TO INFIRMARY

ALAMEDA, March 11.—Mrs. M. Pablo was removed to the County Infirmary yesterday afternoon from amidst destitute surroundings at Oak street and Central avenue. One of her hands and arm are in a terrible condition from neglect and accident and she may have to undergo an operation of the diseased hand. After the hand became infected Mrs. Pablo attempted to treat it with alcohol. While the hand was being bathed in alcohol she attempted to light a lamp and ignited the alcohol on hand and arm, adding to the agony already suffered and making the case more serious than over. The unfortunate woman was found living in squalor and in an absolutely destitute condition. The Catholic Ladies Aid Society took charge of the case and secured from City Physician Arthur Hironimus a permit for the woman's removal to the infirmary. She was taken to the hospital in the auto ambulance yesterday afternoon.

MAKE PLEA FOR A NAVAL BASE

Berkeley Station Is Asked by the Chamber of Commerce.

BERKELEY, March 11.—Impressive arguments in favor of the location at Berkeley's waterfront of the proposed new drydock in the bay have been forwarded to Secretary of the Navy Daniels by the Berkeley Chamber of Commerce. Secretary Meyer, Daniels' predecessor, as his last official act declared the Mare Island yards in the second class, thus assuring a new naval station in the bay. Acting President G. L. Schneider and Secretary Wells Drury of the Chamber of Commerce, seeing in this Berkeley's opportunity, have sent a bid to Secretary Daniels showing that Berkeley is adapted by nature for such a naval station and drydock as it offers a wide expanse of almost level land, needed for naval station and drydock.

That the site is directly opposite the Golden Gate, and may be reached by incoming battleships and cruisers without delay or inconvenience. That a naval base located here would not be easily attacked by sea or by land. That the high hills back of Berkeley would afford an invulnerable artillery position, and that directly opposite Berkeley there is deep water, the channel soundings reported by the United States Geodetic Survey showing from 7 to 10 fathoms—this being in excess of the 40 feet required by modern dreadnoughts of the navy. That depth is continuous and uninterrupted from the Golden Gate to a point off the site for naval base suggested.

CHECK CHARGE AGAINST KENNEDY IS DISMISSED

ALAMEDA, March 11.—Thomas Kennedy, arrested last week on suspicion of being the man who passed a spurious check on a San Francisco hardware store named Hurton, has proved to the satisfaction of the police that he is not the man wanted. Today the case was dismissed. Kennedy's handwriting is widely different from the endorsement on the Hurton check and from the writing on the spurious check.

Kennedy is a restaurant owner north Webster street, opposite United Engineering Works.

CEMENT PACKAGE BILL IS ARGUED

Measure Finally Sent Back to Committee to Await Hearing.

SACRAMENTO, March 11.—The bill requiring manufacturers of Portland cement to pack their product in dust proof containers involved the lower house in a lengthy debate today when it came up for passage on the general file. It finally was sent back to committee to await a public hearing. Many members reported that they received numerous protests from manufacturers during the process.

Other bills approved by the Senate on final passage were as follows: By Senator Flinn, providing for the issuance of collection agencies in the sum of \$5000 each. By Senator Jones granting permission to the board of commissioners of the California Red Cross to acquire property by gift, bequest, purchase and otherwise.

By Senator Breed, relating to the incorporation of mutual benefit associations. By Senator Owens, validating the organization of the Richmond Municipal Water District.

By Senator Gage, extending the time of commencing the trial of the case of the State of California vs. the City of San Francisco, relating to bond elections in cities and counties. Same relating to the powers of presidents of boards of trustees of cities of the sixth class.

By Senator Lyon amending the act providing for the reporting of occupational diseases by making it obligatory upon all doctors to report such diseases immediately to the state board of health. A fee of 50 cents in each case is allowed the doctor.

At 3:30 the Senate took a recess until 3:50 o'clock when it was to take up the report of the rules committee on the resolution offered yesterday by Senator Hagan of San Francisco, providing for an investigation of the social evil in its relation with low wages for women.

James Walsh refused to stay home with his wife when she was sick and talked over the phone to a woman whom he told that he would meet her at the usual place, according to Mrs. Walsh's allegations in a divorce complaint filed today.

Upon testimony that her husband had deserted her for another woman, Barbara Gear obtained an interlocutory decree of divorce from Judge Charles G. Gear. She testified that Gear had left her practically destitute with two children, while he had gone to San Francisco and furnished apartments for the other woman. Later she said she learned by a rumor that he pleaded guilty and got probation and left for Vancouver with the other woman. She was awarded \$25 per month alimony. Gear subsequently returned to Richmond, but failed to contribute to the support of his family.

Supplementing the ordinance introduced a few days ago by the protestants against the Alameda county branch of the Society for the Prevention of Cruelty to Animals establishing an animal's home at Ford and Kennedy streets in West Oakland, a new ordinance was presented to the council this morning. It was found that the first ordinance would not prevent the establishment of the home, and the supplemental ordinance presented today was drafted to effect the purpose.

CORN OPENS FIRM, BUT WEAKENS IN SYMPATHY WITH WHEAT

Department of Agriculture Has Issued Bulletin on the Grain Output.

WASHINGTON, March 11.—Grain of last year's crop remaining on farms March 11, 1913, compared with 1912, 1911 and 1910, is as follows: Wheat, 1913, 1912, 1911, 1910. Corn, 1913, 1912, 1911, 1910. The department's bureau of statistics, from reports of its correspondents and agents throughout the country, estimates the amount of wheat, corn, oats and barley on farms, with comparisons for preceding years, the proportion of each crop which will be shipped out of the country, and the percentage of the 1912 crop which was of merchantable quality, as follows:

WHEAT. About 154,458,000 bushels, or 21.4 per cent of the 1912 crop remained on farms March 11, 1913, compared with 124,025,000 bushels, or 19.1 per cent of the 1911 crop in 1912, 102,708,000 bushels, or 25.9 per cent of the 1910 crop in 1911, and 104,210,000 bushels, or 23.4 per cent of the 1909 crop in 1910.

CORN. About 1,250,650,000 bushels, or 41.3 per cent of the 1912 crop remained on farms March 11, 1913, compared with 1,048,000 bushels, or 34.9 per cent of the 1911 crop in 1912, 1,165,470 bushels, or 40.4 per cent of the 1910 crop in 1911, and 1,074,000 bushels, or 35.3 per cent of the 1909 crop in 1910.

OATS. About 21,210,000 bushels, or 42.6 per cent of the 1912 crop remained on farms March 11, 1913, compared with 20,035,000 bushels, or 31.4 per cent of the 1911 crop in 1912, 20,035,000 bushels, or 31.4 per cent of the 1910 crop in 1911, and 20,035,000 bushels, or 31.4 per cent of the 1909 crop in 1910.

BARLEY. About 22,282,000 bushels, or 25.9 per cent of the 1912 crop remained on farms March 11, 1913, compared with 23,700,000 bushels, or 15.3 per cent of the 1911 crop in 1912, 23,700,000 bushels, or 15.3 per cent of the 1910 crop in 1911, and 23,700,000 bushels, or 15.3 per cent of the 1909 crop in 1910.

WHEAT MARKET GETS SETBACK

Corn Opens Firm, But Weakens in Sympathy With Wheat.

CHICAGO, March 11.—Liverpool reports that prices were influenced by expected dear money market and the wheat market today a setback. Favorable weather in Russia also helped the bears. Attention, too, was given to the liberal increase in the visible supply. Opening figures were 1/4 to 1/2 lower to a shade up. May started at 11 1/2 to 11 3/4, varying from 11 1/2 to 11 3/4, a sixteenth advance, and then fell to 10 1/2.

Although corn showed firmness at the outset owing to the government report being less than expected, the market soon weakened with wheat. May opened 1/2 to 1/4 higher at 5 1/2 to 5 3/4, but reacted to 5 1/4. Commission buying failed to check the decline. The close was weak, but not lower for May at 5 1/4.

Record-breaking farm harvests pulled oats downward from the beginning. May, which started 3/4 to 1/2 off at 5 1/2 to 5 3/4, dropped to 5 1/4. Receipts of hops brought about an uptick in provisions. First wheat at last night's level to 2 1/2 higher, with May at 2 1/2 to 2 3/4. Close: May, 59 1/2; July, 58 1/2; September, 57 1/2; May, 52 1/2; July, 51 1/2; September, 50 1/2.
